

LUSITANIA TORPEDOED AND SUNK

ALL PASSENGERS BELIEVED TO HAVE BEEN RESCUED

MANY VESSELS HURRY TO ASSISTANCE OF THE STRICKEN LINER

BULLETIN
New York, May 7.—No definite word as to the fate of the Lusitania's passengers had been received by the local office of the Cunard Line, up to 3:30 o'clock this afternoon.

London, May 7.—The fact that the Lusitania went down during daylight and vessels from Queenstown were on their way to her rescue within a short time after she was in trouble gives ground for the hope in London that there has been no great loss of life.

New York, May 7.—The Cunard Line made public this afternoon the following cablegram received from Liverpool transmitted from Old Head:

"Motor fishing boats towing two boats probably number passengers about fifty. Tug Stormcock making Kinsale. Some passengers aboard. Many rescue vessels are now apparently making Queenstown."

New York, May 7.—The Cunard liner Lusitania, one of the fastest ships afloat, was torpedoed and sunk this afternoon off the coast of Ireland, ten miles south of Kinsale. She had aboard 1,253 passengers. She sailed from this port last Saturday, May 1, and carried in addition to her own large list, 163 passengers transferred to her from the Anchor Line Cameronia.

The news of her sinking was announced by the local office of the Cunard line and was based on cable advices received from the home office of the company in Liverpool. Three dispatches received in the order named were made public by the line and read as follows:

"We received from the Yards End wireless station news of repeated distress calls made by the Lusitania asking for assistance at once. Big list. Position ten miles south of Kinsale. Subsequently received telegram from Queenstown that all available craft in the harbor had been dispatched to assist."

The second message to the local office read: "Queenstown 4:50 p. m. About twenty boats of all sorts belonging to our line are in vicinity where Lusitania sunk. About 15 other boats are making for spot to render assistance."

The third cablegram was dated Liverpool and read: "Following received by admiralty: 'Galley Head 4:25 p. m. Several boats, apparently survivors, southeast nine miles. Greek steamers proceeding to assist.'"

NO DEFINITE NEWS AS TO FATE OF PASSENGERS
Dispatches received here from London, Liverpool and Queenstown confirmed the news. One of the messages said it was believed that all the big liner's passengers had been saved.

No definite news as to the fate of the passengers had been received by the Cunard line here early this afternoon.

The Cunard line announced that it would make public as fast as received all dispatches on the sinking of the Lusitania including those relating to the fate of the passengers.

DECLARE LINER WAS NOT GIVEN WARNING

New York, May 7.—According to a London dispatch put out by the Dow-Jones ticker late today, the Cunard Steamship Company in London issued an official statement there tonight declaring that the Lusitania had been torpedoed without warning and sank almost immediately.

STOCK MARKET IS STUNNED
New York, May 7.—The stock market was stunned by the news of the sinking of the Lusitania. A torrent of selling orders poured in from every section of the country.

A period of intense excitement followed. Prices in war specialties broke 15 to 30 points within an hour. Stable issues dropped five to ten points.

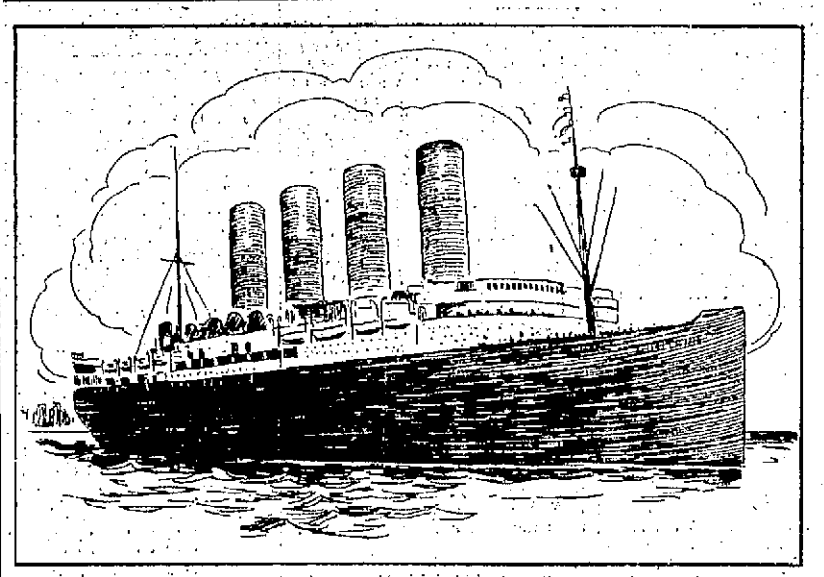

CRISIS AVERTED

(BULLETIN 3:30)
Washington, May 7.—Information from a high official source late today is that the far Eastern crisis has been averted and that a favorable settlement between Japan and China is in prospect.

LIFE BOATS LAUNCHED

Queenstown, May 7.—News received here from the steamer Lusitania at 3:25 p. m. said that before sinking her life boats were over her sides.

THE ILL-FATED LUSITANIA

NO COMPLICATIONS HERE UNLESS AMERICANS LOST

Washington, May 7.—Government officials did not believe there would be complications on the sinking of the Lusitania, unless American lives were lost.

A few days ago American officials heard privately from personal sources that Germany intended to destroy the Lusitania at the first opportunity, to terrorize British shipping and restrict ocean commerce with the Allies.

It was taken for granted by officials here that if there existed a plan in the German admiralty to torpedo the Lusitania, every precaution had been suggested to the submarine commander to insure the safety of the passengers. The German embassy here from time to time has declared that the purpose of the German submarine campaign was not to cause a loss of life but to strike a blow to British ships and commerce.

GERMAN SUBMARINES IN ATLANTIC LANES

New York, May 7.—The presence of German submarines off the coast of Ireland and along the line of travel the Lusitania would follow in going to Liverpool was made known in a despatch from Glasgow last night which recited that the British steamer Cherbury had been torpedoed in the Atlantic off the Irish coast. This was on April 29. Two other vessels were sent to the bottom more recently, the Centurion and the Cardifate.

Just where these ships were attacked has not been made known but their destinations lead to the opinion that one or more German submarines has been operating in the line of trans-Atlantic travel. It may be that they were waiting for the Lusitania and in the meanwhile attacked such other vessels as came within their range.

JAPAN INSISTS CHINA ACCEDE TO DEMANDS

Peking, May 7.—Kei Iocki, the Japanese minister to China, went to the Chinese foreign office between 3 and 4 o'clock this afternoon and presented the Japanese ultimatum which insists that China accede to the demands presented by the Tokio government.

Tokio, May 7.—In presenting its ultimatum to China, Japan omitted from present negotiations all items in group five of the amended list of demands, with the exception of the portion dealing with concessions in Fu-Kien, in which an agreement already has been reached. The demands in group five are reserved for future discussion.

KINSALE IS IRISH PORT

Kinsale, off which the Lusitania was torpedoed, is a seaport of Ireland thirteen miles southwest of Cork. It lies near the entrance of St. George Channel between Ireland and England, through which trans-Atlantic vessels pass on their way to Liverpool.

BULLETINS

NO NEWS OF PASSENGERS
Queenstown, May 7.—(4 p. m.)—The Admiralty officials here have no news concerning the safety of the passengers and the crew of the Lusitania.

AFLOAT OVER TWO HOURS
Queenstown, May 7.—The Lusitania was seen from the signal station at Kinsale to be in difficulty at noon. She had completely sunk at 2:33 p. m. This indicates that the liner floated for two hours and a half after what evidently was the beginning of her trouble.

SENT S. O. S. AT 2:15
Queenstown, May 7.—According to a report received here the first wireless "S. O. S." call was sent by the Lusitania at 2:15. This read: "Want assistance; listing badly."

ASSISTANCE RUSHED
Queenstown, May 7.—Immediately the news of the torpedoing of the Lusitania was received here the admiralty dispatched to the scene all assistance available.

GERMAN EMBASSY SILENT

Washington, May 7.—News of the sinking of the Lusitania was received with concern at the German embassy but in the absence of Count von Bernstorff comment was withheld.

Diplomats friendly to the German allies and well informed as to the German war policy have repeatedly declared that under no circumstances would a submarine commander allow neutrals to come to harm unless the presence of the enemy made it unavoidable.

WILSON HAS NO COMMENT

Washington, May 7.—President Wilson was informed of the sinking of the Lusitania and White House officials showed keen anxiety to learn whether any American lives were lost. No comment was made.

PRODUCT OF RACE FOR SPEED

The Lusitania was a product of the race for speed which was carried on for years among trans-Atlantic steamship companies, particularly of England and Germany. When the Lusitania was launched she was the wonder of the maritime world. Her mastery of the sea, from the standpoint of speed, was undisputed. The progress of the Lusitania on her first voyage to New York was watched by the world.

MANY PASSENGERS ON BIG CUNARD LINER RECEIVED WARNING

New York, May 7.—When the Lusitania sailed she had aboard 1,253 passengers. Some nervousness had been caused because of the publication in the morning papers of Saturday of an advertisement warning intending travelers that a state of war existed between Germany and Great Britain and her allies; that the zone of war included the waters adjacent to the British Isles; that in accordance with notice given by the German government vessels flying the flag of Great Britain were liable to destruction on those waters and that the travelers sailing in the war zone on ships of the Allies do so at their own risk. This advertisement was signed "Imperial German Embassy."

Water Tight Bulk Heads Believed Protection
Charles P. Sumner, general agent of the Cunard line, was at the pier and in a statement made then said that the voyage of the Lusitania would not be attended by any risk, whatever, as the liner had a speed of 25½ knots and was provided with unusual water tight bulk heads.

In commenting on the report of the torpedoing of the Lusitania today janitors pointed out that in their opinion that the Lusitania could not be sunk by a single torpedo.

LONDON BELIEVES PASSENGERS SAFE

London, May 7.—It is believed that the passengers of the Lusitania are safe. No details of how they may have been rescued, however, are at hand. One message received here says: "It is not known how many of the Lusitania's passengers were saved."

Relief was sent out from Queenstown. If she floated a reasonable length of time before going down it is possible that some of the rescuing ships got to her side. It is thought that the Lusitania's water tight bulkheads would tend to keep her afloat.

188 AMERICANS ON LUSITANIA

New York, N. Y., May 7.—There were 188 American passengers in all aboard the Lusitania, according to a compilation made late today at the Cunard offices. The British numbered 950 and other nationalities made up the remainder of the 1,253 passengers aboard.

300 LANDED

New York, N. Y., May 7.—Cork newspapers report, according to a Liverpool dispatch received by the Cunard Line late today, that 300 passengers have been landed at Clonakilty.

OHIO GIRL PASSENGER

New York, May 7.—In the first cabin passenger list of the Lusitania is the name of Miss Jessie Taft Smith, of Braceville, Ohio.

WON'T CHANGE SCHEDULE
New York, May 7.—The sinking of the Lusitania will cause no change in the arrangements for the Cunard liner Transylvania to sail, the line announced. The Transylvania is due to sail from this port for Liverpool at five o'clock this afternoon. She will sail as scheduled.

Ohio—Cooler and generally fair tonight and Saturday.
Kentucky—Fair and cooler tonight; Saturday fair, cooler in east portion.
West Virginia—Fair in west; rain in east portion tonight; Saturday fair and cooler.

PAGE CABLES

Washington, May 7.—Ambassador Page at London cabled: "Lusitania torpedoed and sunk within thirty minutes; no news of passengers yet."

Deaconess Submits Report For April

The Associated Charities has a Work List, names and addresses of women who can be secured for domestic work. Any one who is in need of such help can tell Miss Adams, who is also in touch with the Day Nursery, where mothers can leave their small children while employed. Phone Miss Adams any afternoon, except Saturday, 1740, or call at 251 Gay street.

At the monthly meeting of the Board of Directors of the Associated Charities, which was held Friday afternoon at the Anderson parlors, the following report for April was submitted by the deaconess:

Number of hours spent at office, 80; number of office calls received, 111; number who applied for help, 49; number refused, 11; number times giving aid, 76.

Material relief given: Groceries and coal to amount of \$20.42; number pieces of clothing given out, 163.

Cause for distress: (Sickness, 17; insufficient income, 16; drunkenness, 4; desertion, 1).

Number of calls made, 110.

Number for whom employment was found, 10; number of families who secured domestic help through

A. C. 10; number who worked for aid, 4; number of investigations made for out-of-town organizations, 2.

Because of no supply of children's clothing Miss Adams has made several private appeals for new goods to be used for this purpose. A liberal response was given by Mrs. Frank Appel's class of Trinity Sunday school and Miss Ida Herms. Mrs. M. W. Brown's class of Trinity also gave a splendid donation. The latter class and some of the ladies of St. Mary's church have planned to see for the Associated Charities as opportunity is afforded. Miss Adams is especially grateful for this proffered help as it has been necessary for much of this work to be done by the deaconess.

A most acceptable donation was made by Mrs. Ruby Williams in the way of a splendid American sewing machine. This makes it possible to have some of the sewing done at the Associated Charities building.

Afraid To Go Home; Even When Guarded By Officer Stokley

Asbury Moore, aged 78 years, a Civil war veteran, hard of hearing and eye sight badly impaired, complained to the police officials Friday that he had suddenly found himself homeless.

Moore, who was brought into court by J. J. Davidson to whom he had previously appealed for advice, said he had just returned from a several weeks' visit to a daughter at Seasideville and upon reaching his home at 1832 Fifth street found his wife by a second marriage had locked the door against him.

Moore was advised to take his

\$22 per month pension to his daughter and live with her or go to the Dayton Soldiers' home and enjoy his money while the national government was keeping him and probably after the lapse of several pension draws he would receive an urgent invitation to come back home. Officer Joe Stokley was detailed to accompany him home to make investigation but after reaching Chillicothe street Moore suddenly remembered he had considerable shopping to do and balked on going.

Stokley finally arranged to meet him nearby his home later.

Woman Is Burned

Gas which collected in the oven of the kitchen stove exploded about 4:30 Thursday afternoon when Mrs. H. L. Steinberg of 1818 Oakland avenue started to light the fire to get supper. She was burned about the hands, arms and face. The family physician dressed the burns.

Receivers Asked

The People's Defender of West Union says:

"Horatio Roush, one of the heaviest stockholders in, and president of the Adams County Loose Leaf Tobacco company, of Manchester, through his attorney, A. C. Turnipseed, has filed in the common pleas court an action for the appointment of a receiver for that corporation. The plaintiff

says in his petition that the company is indebted to him in the sum of \$1000. He alleges that the company is insolvent and has not sufficient property to pay its debts. The company was organized two years ago and built an immense warehouse at Manchester. Sales of loose leaf tobacco were conducted there the past two seasons."

Fr. Gloeckner To Be Installed On Sunday

Quite a number of local Catholics are planning to attend the inauguration of Rev. Francis W. Gloeckner as pastor of St. Joseph's church at Ironton next Sunday morning.

Father Gloeckner during the time he served as assistant pastor of St. Mary's church here, made a host of friends who are eager to congratulate him upon

his promotion.

Miss Kate Prantz, of this city, who has been Father Gloeckner's housekeeper at Maynard, O. and who served the late Mgr. A. Nonnen and other local pastors in a similar capacity for many years, arrived here Friday for a few days' visit before going to Ironton to take up her duties at St. Joseph's church parsonage.

Direct from the Globe Theatre, New York

NEW BOSTON

The barber shop at Gallia pike and Harrisonville pike has again changed hands. John Jordan, Harrisonville pike grocer and Ben F. Hale, an old soldier, have bought the shop of G. W. Clifford who is to engage in the fish business. Ira Shafer will continue as proprietor of the shop.

After giving the village a wide berth for several months, John O'Connors hit the village again and promptly filled upon booze. He was having "knakes" near the Mans and York cafe when taken in tow by Deputy Ike Wells. After being behind the bars all night he faced Mayor J. S. Davis Friday morning who gave O'Connors the choice of working out a fine or going to the Cincinnati workhouse. When O'Connors said "I would rather stay with you, Mayor" he was given a shovel and ordered to clean street crossings.

Tom Justice, who is casting his lines in the Ohio river every day is landing no less than 30 pounds a day.

Amos W. Snyder, former constable, who is now employed as foreman on the Scioto bridge job, has moved from Gallia pike to the city.

Mrs. Doll Smith and family have moved from Oak Hill to Gallia pike. Kilbourne Smith is employed at Will Canter's grocery store.

Jeff Smith, of Stewartsville, captured a blacksnake near his home Thursday morning and was enraging it around exhibiting it to his friends. He later turned it loose and let it kill it.

Mayor J. S. Davis has named Ray Brown as extra deputy marshal to work from May 5th to September 5th. There is a village ordinance providing for the appointment of an extra deputy during the summer months.

Grocer Will Canter is now going after the Sciotoville trade. Commencing Saturday a wagon will make the trip to Sciotoville daily. He received a half car of groceries Thursday. 1700 pounds of Arbuckle's coffee forming the greater amount of the order.

Miss Georgia Conway of West Grace street, is the guest of relatives in South Webster.

Mrs. Francis Rogers of West Stanton avenue, has returned from a several days' visit with home folks in Vanceburg, Ky.

Willis Dodge and son, Albert, returned to their home on Turkey Creek, Wednesday after a visit at the home of Mrs. N. E. Hull on East Rhodes avenue.

Stanley Porter has returned from a visit with friends in Ashland, Ky.

All Baptist church members are urged to be present at the busi-

ness meeting Friday evening.

Friends of John Porter say they have received letters from him and that he is working near Los Angeles, Cal. He escaped from the village jail over a week ago by climbing through a hole in the roof.

Mrs. Bertha McManes and children are visiting her parents, Mr. and Mrs. Wm. Benner of near Harrisonville. Mr. Benner has been critically ill and is not expected to live.

He is one of the oldest German settlers in the county, coming from Pennsylvania when a mere lad.

The Ladies' Aid Society of the Baptist church held an all day meeting in the basement of the church, Thursday. The Ladies' Aid of the Christian church met with Mrs. Allen B. Griffin on Ohio avenue.

Paris Thompson and family formerly of the village, who moved to McDermott are now moving to a house on Harrisonville pike.

Rev. Benjamin Porter, who came to New Boston when there were six houses here, is in a serious condition.

The Willing Workers of the Baptist church will meet at Lillian Roll's home on Cedar street Saturday afternoon not 1:30 o'clock. All members are requested to be present, as there will be something interesting for those who bring their dues. This is the regular business meeting of the class. Home made candy will be placed on sale and all purchases will be greatly appreciated.

Charles Jacobson of the local order of Dr. O. U. A. M. will go to Cincinnati, Saturday, where a class of 100 will be initiated. Brooks Groninger and John Bowser of the city order, will also make the trip.

Two young girls became so interested in the picture at the Popular theatre Thursday night that they went home and left their hats which Mayor Davis is ready to return to them.

A foreigner arrested on a charge of drunkenness Thursday evening was fined \$4.80 when he pleaded guilty before Mayor Davis Friday. He was returned to jail in default of payment of the fine.

May Cooley of Ohio avenue is ill.

The Cubs will play a Sciotoville nine on their Peaches' diamond Sunday.

Ray McCormick who announced himself as candidate for marshal on the Republican ticket, is circulating his petitions.

Jesse Logan, a negro, who dropped into the village, Thursday evening, was arrested on a charge of drunkenness by Deputy Ike Wells. He languished behind the bars Friday, unable to pay a fine. He will likely get to work it out on the streets.

Mrs. Louis Leslie has been ill several days.

Joseph Wolff of Ohio avenue who had a muslin in his arm badly cut at the steel mill several days ago is getting along nicely.

LUCY WAS DRUNK

Lucy Cox, a negress and police character, who was recently ordered out of town, was locked up by Officer Callahan Smith Friday morning. She was drunk and trying to provoke a fight with Jim Polly. The woman lives in Paradise alley.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Ointment Prescription. This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by Fisher and Stretch under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of ointment and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength ointment; it is this that is sold on the money-back guarantee.

BANNON BLOCK

SOCIETY

The Board of Education has decided to remodel the Woman's Club parlors, corner of Court and Fifth streets. The place will be thoroughly cleaned, the walls calcimined, new windows will be put in and the rooms will present an entirely different appearance when the work is completed.

Mrs. Louis Voulker entertained the Ladies' Aid Society of the U. B. church yesterday afternoon at her home on Fifth street, where twenty-six members were present. The business was followed by a social hour.

Twenty-seven members and five guests were present at last evening's meeting of the Westminster Circle of the Second Presbyterian church, which was held at the home of Miss Madeline Revere, on Fifth street. Miss Virginia Spencer and Miss Genevieve McIntosh gave their reports of the Presbyterian meeting held recently in Ironton. Mrs. Charles Zull also gave a talk about

the Presbyterian meeting. The hostess served peanuts and candy. The next meeting will be held at the home of Mrs. Irving Drew.

The Evening Kensington Club, which met last evening at the home of Mrs. Arthur Bode, will meet in two weeks at the home of Miss Emma Dachler.

Miss Emma Bauer, of Grandview avenue, went to South Webster today to attend the funeral of Mrs. Stockham, which will be held Sunday afternoon.

At the May Day celebration at Sweetbrier school Miss Marie Bauer had as guests Mr. and Mrs. John Donaphan Owen (Parris Pursell) of Lynchburg, Pa., and Mr. Graves Williams, who attends school at the University of Pennsylvania at Philadelphia, was also a guest.

Thirty members of the German Evangelical Relief Fund Society met in business session yesterday afternoon at the home of Mrs. John C. Bauer, on Fourth street. Mrs. Edward Gims will be hostess at the next meeting.

Miss Dunlap, who will be here to attend the convention to be held Tuesday in Trinity church, will go to Sciotoville Monday to lecture at 7:30 o'clock in the Methodist church and tell of her work and work to be done in the Home Missionary Society.

Mrs. Emma Barber McFadden and niece, Miss Jeannette Simpson, were in Wheelersburg today attending the May Day festivities.

Mrs. J. M. Stockham and daughter, Miss Vesta Stockham, will leave the middle of the month for Denver, Colorado, to spend some time. They will be joined later by Mr. Stockham and together they will go on an extended trip through the West, returning home by the beautiful Canadian-Pacific road.

The only professional and practical corsetiere in Portsmouth, who can draft and make you a corset if necessary, to your own measurement, L. B. Schoenberger, Spirella Corsetiere, 321 Market street, Sixth, adv 7-2.

The Scioto Bridge Club decided at the meeting yesterday to disband for the summer and hold the first meeting in October at the home of Miss Lollie Anderson.

The music for the convention to be held next Tuesday at Trinity Methodist church will be rendered by Mrs. J. N. Davis, who will sing at the morning session; Mrs. J. O. Fautsch will sing in the afternoon, and the Queen Esther Quartette will also render selections in the afternoon. Miss Dunlap will lecture in the evening, when vocal selections will be rendered by Mrs. Norma Hark Young.

Mr. and Mrs. Joseph Reiser will have as week-end guests Mr. and Mrs. Maurice Cohen and daughter, Hilah, of Cincinnati.

Mrs. Lydia Lindsey and son, John, and daughter, Edith, and son-in-law and daughter, Mr. and Mrs. Homer Vaughters (Minta Lindsey) and their son, Homer, Jr., left Thursday for Ashland, Ohio, where they will make their future home.

Mrs. Emma Varner, who has been ill for the past three weeks with intestinal indigestion, is still confined to her bed and not able to sit up.

To Adjust Loss
The Irontonian says:
"Insurance Adjuster Burlingame of the Western Adjustment Association arrived here Thursday to look after adjusting fire losses that occurred in the Masonic fire. Mr. Burlingame represents several companies, and will likely be asked to represent all of them."

Moose Contest

The standing in the Moose contest up to 12 o'clock May 7 was:
Miss Page Lewis 71
Chas. Kieglor 61
Miss Beatrice Anderson 67
J. M. Krall 62
Miss Edna Henry 59

Parents Coming

H. S. Walker, N. & W. road foreman of engines, of Park avenue, received a telegram this morning from Mr. J. O. Glendene, his assistant, who has been sojourning at Hot Springs, stating that he and his wife would arrive home Sunday. Their departure was hastened because of the accident which befell their son, Harold, Wednesday afternoon, who suffered a fracture of the upper third part of his left thigh in a friendly wrestling match with his youthful friend, Harold Dunn. The Glendene had been reported resting comfortably today, although he will be laid up for several weeks.

COMPROMISE APPROVED

An entry approving the compromise in the case of Welby H. Gillett against Charles M. Weyand, receiver of the Broad Shoe company, by the payment of \$165.30 to the plaintiff and the costs in the case was entered upon the common pleas court journal Friday. Gillett brought suit for \$331.60 alleged due him for salary and commission as traveling salesman, and the suit was compromised on a fifty percent basis. Miller, Miller and Seale represented the plaintiff, and Bannan and Bannan and Meyer the defendant.

Adjudged Insane

Isaac Dowdy, of Sciotoville, was adjudged insane at an inquest held in probate court Friday morning, and was committed to the Athens hospital for the insane by Judge Beatty. He will be taken to that institution Saturday morning.

Golden Sun Coffee is GOOD Coffee.

CAME LATE, FINED \$10

Harry Shipman by failing to appear in police court on time found himself in contempt when he appeared after adjournment Friday morning and drew a \$10 fine.

Shipman and his brother-in-law, William Tipton, had had a fight near the Kaps Bros. brick yard on Tenth street following a dispute Thursday night. They were arrested but released with orders to appear in court Friday. Tipton alone showed up and he was dismissed.

W. H. Wiggins, John Weather, spoon and Lindsey Webb, plain drunks, were fined \$5 each.

COCOANUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

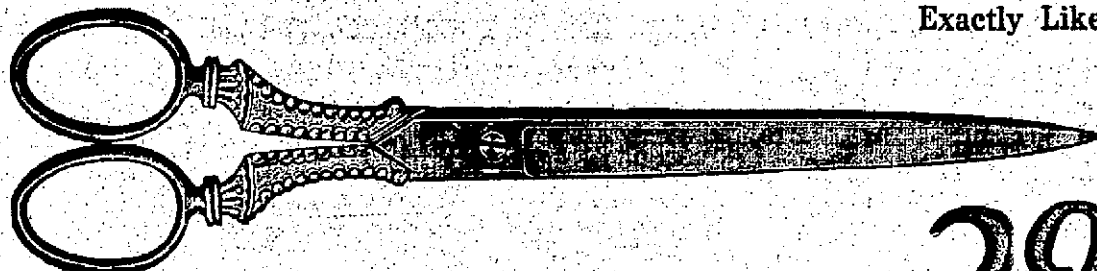

You can get mulsified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

TERMINALS

Kaps Bros. have been halted by the rain in their work of laying cement curb and gutter on Gallia pike for the north side of the paving. The curb is completed as far as Dunbar hill. Rain also stopped the cutting and moving of Gallia pike near the corporation line.

The prayer services conducted by Rev. A. B. Johnson at the tabernacle Thursday evening were largely attended. Rev. Johnson will have charge of the Sunday afternoon services.

N. & W. Chief Clerk C. I. Cheyney was in Ironton on business Friday.

The N. & W. shop safety committee will hold their monthly meeting Monday in the machine shop office.

Business on the N. & W. in a freight way has picked up considerably in the last two days. Several days in a week the traffic will be heavy and on other days it takes a drop. The lake coal traffic continues to increase a little each week.

T. W. Holder, N. & W. brakeman, will leave Saturday for New-

town, Ohio, to visit relatives.

Miss Anna Williams, maid at the Hempstead hospital, who is enjoying a vacation, is spending a few days with friends in this suburb.

John Tenie, N. & W. section laborer, had several toes on his left foot badly mashed Thursday when he let a rail fall on them. He was working with several other laborers near Piketon. The company physician at Piketon attended him.

Mrs. J. Wilson and daughters Kathleen and Mabel have returned home after a short visit with friends and relatives in Huntington, W. Va.

C. W. Joyce, of Gallia pike, has purchased the former Jennie Ferguson home on the north side of Gallia pike. H. A. Bieley made the deal. Mr. and Mrs. Joyce who lives on the Charles Hunter property, will move to their new home early next week.

William E. Adkins, N. & W. brakeman of Oak street, New Boston, will leave in a few days for Hot Springs, Ark., where he will take treatment for rheumatism.

The many friends of Charles Dailey, N. & W. mail clerk, were surprised to learn of the announcement of his near marriage to Miss Adeline Schusky of Waverly. Dailey who is an N. & W. mail clerk, has many friends on this end of the line. He lives at Sargents.

Toured Lewis County

Jim Dixon has just returned from a tour of Lewis county, Ky., in company with M. J. Delmer, an acetylene light plant salesman.

DRINK HABIT

RELIABLE HOME TREATMENT

The ORRINE treatment for the Drink Habit can be used with absolute confidence. It destroys all desire for whiskey, beer or other alcoholic stimulants. Thousands have successfully used it and have been restored to lives of sobriety and usefulness. Can be given secretly. Costs only \$1.00 per box. If you fail to get results from ORRINE after a trial, your money will be refunded. Ask for free booklet telling all about ORRINE.

Wurster Bros., 419 Chillicothe Street.

Nearing Completion

It was stated at the plant of the Whitaker-Glessner company Friday that the new jobbing mills in course of erection were receiving their finishing touches and would be ready for operation in a few days. They are the last word in jobbing mill construction it is asserted and will give employment to a number of skilled workmen.

WITH THE SICK

Mrs. Mary Lordier of 530 Fifth street is quite ill of stomach trouble.

Mrs. Chis. Grumme of the West Side will return to her home Saturday after a short visit with relatives.

Mrs. Bice who makes her home with her daughter and son-in-law, Mr. and Mrs. Don Miles of Lucasville, is very low suffering with infirmities and heart trouble. Mrs. Jacob Brunner of Fifth street received word Thursday that little hopes are held for her recovery.

Ransom Cox, the seventeen-year-old son of Mr. and Mrs. Lee Cox, of Summit street, is reported very low with tonsillitis.

H. C. Smith, of Eleventh street is confined to his home with pleurisy of the face.

Mrs. H. C. Smith, who met with a painful accident last Thursday when she turned a kettle of boiling water over on her left limb, is improving very slowly.

COMMENCEMENT
PRESENTS

It is, indeed a proud day for parents when their sons and daughters graduate from school or college and receive their certificates of scholarship. Generosity usually takes hold of parents at this time to that extent where some nice gift is bestowed upon the young person. Scholars in the class of 1915 should remind their parents that the best selection in town is here.

Rings, Watches, Fobs, Lockets, Bracelets, Pendants, Cuff Buttons, Scarf Pins, Brushes, Toilet Sets—specially selected for the occasion.

A few suggestions in our windows.

The Markets

NEW YORK STOCK

New York, May 7.—Stocks collapsed this afternoon on news that the British trans-Atlantic liner Lusitania had been torpedoed. Prices fell away rapidly but support brought some steadiness at the close.

Price changes at the outset of the early market operations reflected further irregularity and confusion, due in part to London where Americans were heavy. War specialties were not especially prominent except Bethlehem Steel which soon rose six points to 154, one point under its record price. Reading was heaviest of the leading shares although coppers, particularly Amalgamated and Anaconda, reacted sharply. United States was barely steady while other prominent issues moved variably. The list steadied later and trading became dull.

The morning session was all-fortnight with a continuance of the uncertain undertone. Standard stocks denoted further selling. Reading, Union Pacific and Coppers yielding to pressure. Bethlehem Steel lost a very small part of its gains and other specialties of this class rose 1 to 2 points, with similar improvement in motors, oils and Mexican petroleum, the latter rising four points. London's gloomy view of the war and condition in the Far East were again deterrent factors. Bonds were irregular. Confirmation of the sinking of the Lusitania was followed by enormous selling orders. Losses ran from six to 12 points in standard stocks and 15 to 30 in war specialties with a few substantial recoveries in the final dealings. The closing was weak.

CHICAGO GRAIN

AND PROVISIONS

Chicago, May 7.—Wheat eased

off today, influenced by predictions that the government crop report would be in favor of the bears. Continued liberal receipts tended further to make the market decline. Trade lacked volume. After opening at the same as last night to one cent lower, prices rallied but again showed a disposition to sag.

More pronounced weakness in wheat developed later especially after news seemed confirmed that the Lusitania had been sunk. The close was heavy at 1 1/4 to 2 1/4 under last night.

After selling pressure in corn increased, and a material set back took place the same as in wheat. The close was heavy at 1 to 1 1/2 net decline.

Corn hardened as a result of a little buying on account of wet weather reports in Argentine. Wheat weakness, however, prevented any material upturn. The opening which varied from 1/8 to 1/4 cent off was followed by advances to above last night's level.

Big exports clearance of oats helped the oats market. Pit offerings were light.

Lower prices for hogs carried down provisions. Pork led the decline.

RECEIVE REPORTS ON THE COUNTY OFFICERS

Copies of the reports of E. K. Parrott, state examiner, of the examination of Scioto county officers conducted several weeks ago, were received by the county officials Friday morning. Those available during the day were the reports of the examinations of the office of county recorder, treasurer, probate judge and sheriff. Thomas G. Patterson, the county auditor, stated that the report for his office had not been received.

Nothing of an unusual nature was disclosed in any of the reports examined, which disclosed the usual minor clerical errors and deviations from the regulations of the state department in unimportant matters with the appropriate recommendations from the examiner.

The examination covers a period ending November 30th, and covers the activities of all present officials, save the sheriff.

Probate Judge
Probate Judge Beatty and his deputies were highly complimented for the efficient manner in which their records are kept. The examiner criticized the method in effect in this county for several years of the sheriff designating others to convey insane persons to state institutions and allowing them the regular fees. He recommended that the practice be discontinued, but added, that as the appointments had been made in good faith, the money need not be returned.

In commenting upon the office, the examiner said:
"The bills rendered by the probate judge for fees payable in lunacy, juvenile and other cases are rendered in excellent form and charges made in accord with the law."

A few clerical errors were found in the accounts, all of which were remedied before the examiner concluded his work.

Sheriff
Ex-Sheriff John Eckhart received a copy of the report of his office, which was complimentary in tone. The examiner praised the manner in which the cash book and other records were kept.

A few errors in the cash accounts were shown, the ex-sheriff having a credit of \$5 for boarding prisoners and a debit of \$30.50 for receiving fees as special constable. The net balance, \$25.50, has been paid back into the county treasury by the sheriff. Mr. Eckhart stated Friday afternoon that a previous examiner had given him a ruling that he was permitted to receive fees as special constable.

County Recorder
For the first time in his four years' tenure of office the state examiner found a clerical error in the records of County Recorder Joseph Switalski. One of his deputies neglected to enter into the cash book a fee of ninety-five cents charged for a record of a deed. In his report Examiner Parrott makes the following note of the error:
"A fee of ninety-five cents charged for record of a deed was omitted from cash book, but omission was corrected immediately."

Concerning the conduct of the office the examiner says:
"The records of this office are kept in a manner that reflects the greatest credit upon the official and his efficient assistants."

County Treasurer
Nothing but praise was mentioned in commenting upon the office of County Treasurer M. J. Caldwell, whose accounts and records were found to be in first class shape. The cash on hand tallied exactly with the amount shown on the cash book. In commenting upon this office Mr. Parrott says:
"The record of fees earned by the treasurer's office is properly kept and a check of same shows all fees collected to have been properly accounted for and paid into the treasurer's fee fund."

"The records of this office are excellently kept in full compliance with the law and the instructions of this department."

Board of Election
James R. Distel, clerk of the Election Board received a letter from State Examiner E. K. Parrott Friday warmly commending him for the very efficient manner in which he looked after the clerical work of this board the past year.

Gets Commission
F. A. Stewart, a real estate agent, of Sciotoville, received a commission as notary public, good for three years, from the office of Governor Willis, Friday.

Claim Wear And Tear Will Damage Pike

Attorney Henry T. Bannan will go to Waverly Monday to confer with the commissioners of Pike county relative to grade crossings to be used there by the Chesapeake and Ohio Northern Railway.

Mr. Bannan stated Friday that the commissioners figure that the entrance of the C. & O. into their county will cause a wear and tear on their roads in handling material over them and they wanted to be compensated for whatever damage that would result from heavy traffic over the roads.

SAYS CATHOLIC PUPILS ARE NOT TO BLAME

The mayor's letter alleging that the growing practice of pupils presenting teachers with flowers is responsible for the destruction of shrubbery over town has already brought a reply from Rev. Father J. E. McGuirk, Supt. Frank Appel, of the public school is also preparing a reply. Father McGuirk's letter follows:
Honorable Adam Fickel, Portsmouth, Ohio.
Dear Sir:
After receiving your official letter regarding "school children destroying shrubbery" and giving the subject attention as suggested I made a formal investigation into the matter as regards the pupils of Holy Redeemer parochial schools. I am therefore glad and proud to inform the honorable mayor of our city that not even one of the pupils of our school has been found guilty of carelessly plucking flowers from the premises not their own to present to their respective teachers.

WILL OBSERVE MOTHER'S DAY

Orders were received here from division headquarters of the B. & O. S. W. at Chillicothe Friday for all local employees of the company to observe Mothers' Day, Sunday May 9 by wearing white flowers. Arrangements will also be made to give flowers to patrons of all of the company's dining cars.

No Developments

There were no new developments, Friday, as far as could be learned, in the trouble between the master plumbers and journey-men plumbers. All parties involved refuse to make any statements.

Mothers' Club Meets, Fine Paper Is Read

The May meeting of the Mothers' and Teachers' Club of the Lower Fourth street school building was held at 3:30 o'clock this afternoon in the office of the principal, Miss Kate Vigus. The feature of the meeting was a paper on "The Montessori System of Teaching" by Mrs. Floyd C. Fuller, which was followed by an informal discussion, led by Mrs. William Schwartz.

The club will address a petition to the board of education requesting the use of the school building during the summer months to continue the public bath.

One more meeting will be held by the club on the first Friday in June, after which no more meetings will be held until the beginning of the next school year.

Died Before Doctor Could Be Summoned

While at work in the coal mines of the Hanging Rock Iron company at Pine Grove Furnace, Friday, Frank Klimmun, of Pine Grove, was stricken with heart failure and died before a physician could be summoned.

Besides his wife Klimmun leaves six children, Fred, Gertrude, Henry, Lorretta, John and Frances. The family moved to Pine Grove from Ironton one year ago.

No pupil has been found guilty of destroying the neighbor's shrubbery.

I beg to say that our parochial schools as you well understand are primarily founded and supported at great sacrifices of Catholic parents, to give their children all the advantages of a Christian education. Religion and morality bound together by God Himself are daily and practically ingrained into the lives of the pupils. The ten commandments are made the very soul of their daily teaching and training. The commandment, "Thou shalt not steal" is minutely explained every hour to some portion of the student body until the pupil is made familiar with the nature and scope of the law in all its bearings upon God, neighbor and self.

Obedience, respect and love for the authority of God in all of its ramifications of religious and moral conduct is not only daily taught, but the pupils are daily made to practice these virtues. The pupils of our Catholic parochial schools are daily taught and trained to recognize religious and civil authorities as the representatives of God's authority. As a consequence our teachers receive the highest and holiest respect, love and obedience from their pupils.

I am glad to inform you there is no tendency manifested on the part of the pupils to destroy shrubbery of the citizens or to present the teachers with flowers stolen from their neighbors. Every pupil of the school is accorded equality with every other pupil by his respective teacher, hence there is no occasion on the part of the pupils to resort to dishonest means to show due consideration or appreciation to teachers.

OBITUARY

Baby Barnes
A month old son of Mr. and Mrs. Alfred Barnes of Germany Hollow, near Lyra, died Friday morning after a short illness of bronchial pneumonia.

Mrs. Marcella Lawrence
A telegram received by Undertaker Lynn states that the remains of Mrs. Marcella Lawrence, who died at her home, No. 1036 Wesley avenue, Cincinnati, will arrive here Sunday and that the funeral will take place from Holy Redeemer church Monday morning. Burial will be beside the grave of her late husband, David Lawrence.

Frances Applegate
Emma Frances, a five year old daughter of Obie F. Applegate, a shoemaker, died at the family home, 1922 Eighth street, Friday morning at 6 o'clock after a brief illness with uremic poisoning. Besides the grief stricken parents the bright little tot is survived by a brother and sister, Ralph and Helen.

The funeral will be held from the Holy Redeemer church at one o'clock Monday afternoon with Father J. E. McGuirk in charge. Interment in Greenlawn.

POCKETBOOK STOLEN

A small chief Friday morning entered the home of Mrs. John Wilson, of Ninth street, and left with Mrs. Wilson's pocket-book containing \$2.10. Mrs. Wilson says she was only away from the home ten minutes.

Complaint Is Made To Mayor

The police officials have notified the county liquor licensing board of complaints that young men congregate in a room in the rear of the Alex Davis pool room on Eleventh street, drinking and annoying the neighborhood by their noise and clamor.

MANY WORDS AND PROMISES

Many words with little meaning and many promises without fulfillment are mass covered and moth eaten arguments for trade, yet they are still used and many folks "stand for them" at the cost of their time, money and self respect.

Fair prices for good goods and the truth about them in the fewest words—that is one of our arguments for your trade. Other arguments are: Promises kept to the letter. A deep sense of justice to the customer. An endeavor to please regardless of the amount of the purchase. Promptness, Courtesy and Willingness.

**Buy-At-Home Dollar
Hits Business Section**

Back to the Chillicothe street district came the "Buy At Home" dollar Friday, after an extensive tour of all sections of the city. St. Strauss, secured the dollar at Knittel's bakery Friday evening, and gave it to his wife, who used it to pay a doctor's bill at the office of Dr. G. W. Martin. Dr. Martin purchased a tooth-brush at the Red Cross Pharmacy, Seventh and Chillicothe streets, and Mr. Thomas applied it on an insurance premium to William Byers, a local agent. Mr. Byers paid for a haircut and shave with it at Sperry's barber shop on Chillicothe street, where it was resting at last reports.

**Cincinnati Business
Men Discuss Measure**

Cincinnati, May 7.—What attitude should the Hamilton county legislative delegation take on proposed liquor legislation at Columbus? Should they make any conces-

sions whatever to the "Drys" in order to secure their support for the Bauer Rapid Transit Bill to insure the prompt passage of that bill?

If so just how far should they go and what stand should they take on the liquor "Decentralizer" bill?

These are some of the questions which were under discussion when Cincinnati business men met with the executive committee of the Hamilton county Republican central committee in the Republican headquarters here this morning.

The meeting was called by the Republican committee as a result of the serious situation at Columbus in reference to the Bauer bill. E. W. Edwards, president of the Rapid Transit commission, Will Cooper Proctor, member of the commission, the chamber of commerce interurban committee consisting of Otto Arnold, Stewart Spillito, H. Q. Cleary, C. A. Hirsch, President W. P. Rogers of the Business Men's club, President F. C. Powell of the Chamber of Commerce, and others were invited to attend the meeting.

We asked a friend of ours to tell us in his own way what it was, particularly, that made him wear clothing from our store.

"Kick," he replied, "they have got the 'kick.'"

We take it that "kick" means life, cleverness and originality—a positive "something" that brings home the bacon.

**MASTERY OF HILL 60
REMAINS UNDECIDED****ENGLAND REFUSES TO
CONGEDE BIG VICTORY**

London, May 7.—The battle to decide the mastery of Hill No. 60 and the desolated country around it has not yet reached its final stages nor have the Russians shown signs of accepting the German claim that a crushing defeat

patches from German and Austrian sources insist, but the English newspapers still refuse to concede a great victory to the Austro-Germans, although they admit that a great tentative success has been achieved.

**Have Faith in Russia's
Re recuperative Power**

There's a great faith in England in the recuperative powers of Russian arms, and the disposition at this moment seems to be to suspend judgment on the question of whether the Russians, if driven from Dukla Pass, will be forced to abandon their advance against Hungary. At any rate the argument is being made by British observers that the Russians should have no trouble in holding their line on the river San in Eastern Galicia, especially as their flank would now be covered by Przemyśl.

**English Press Demands
Retaliatory Measures**

The fighting in Flanders finds

the Germans still making use of asphyxiating gases and there is a noticeable current running through the British press which insists that the allies should adopt counter measures at once. It is being recited that when one power departs from the rules and precedents of warfare it is manifestly unfair for the others to remain bound by them. Still no formal announcement that Great Britain will make use of gases has been forthcoming.

**Increase in Rumors of
Italian Intervention**

Coincident with the Austro-German claims of victory in Galicia there has been a marked increase in the rumors of Italian intervention. The London newspapers are flooded with special despatches from Rome relating to the departure of German troops; the closing of German schools and the massing by Italy of troops on her frontiers.

**Break All Records
For Ore Movements**

Greenville, Pa., May 7.—All records for early iron ore movement from lower lake ports to furnaces over the Pittsburgh, Bessemer and Lake Erie railroad, were broken this week when an average of 1,000 cars was maintained out of Conneaut, Ohio harbor. All the railroad's motive power is expected to be in use within ten days and arrangements have been completed, according to railroad officials to secure a number of locomotives from the Chicago and Eastern Illinois railroad.

It was stated that when the season is in full swing forty ore trains a day will be handled.

THIRTY LOSE LIVES IN A SOUTHERN TORNADO

New Orleans, La., May 7.—Storms general over large sections of Louisiana, Mississippi and Alabama late yesterday and early today resulted in thirty deaths, the injury of at least three score persons and heavy property damage. With one exception all those killed were negroes.

Fourteen persons lost their lives in Conhoma and adjoining counties in Mississippi; fifteen in Acadia Parish, Louisiana, and one in St. Helena Parish. A report that two had been killed in St. Landry Parish could not be confirmed.

**LAST AMERICAN TERRITORY
FRANCE IS TO GIVE ENGLAND**

St. Johns, N. F., May 7.—The possibility that the Miquelon Archipelago, the last North American possession of France, may be annexed to New Foundland at the close of the European war is being given serious consideration in this colony. The islands of St. Pierre, Miquelon and Langade, a short distance off the south coast of New Foundland, have formed for two centuries the advance base for the French cod fishery in the Grand Banks. In recent years the prosperity of the tiny colony has steadily diminished and all possibility of industrial progress for some time to come was destroyed when the French government, in February last, summoned all the able bodied men to the colors.

It is considered probable that such of the conscripts as survive the war will be reluctant to return to a struggling existence in the colony.

Since the usefulness of the fisheries outpost has become only slight it is the opinion of many New Foundlanders that France will find it to her advantage to turn the islands over to New Foundland in return for fishing facilities in these waters.

Adversity. A high character might be produced, I suppose, by continued prosperity, but it has very seldom been the case. SAMUEL TURNER, ENGINEER, DROWNS IN THE OHIO

VICTIM'S SON SWIMS TO SAFETY; BODY HAS NOT BEEN RECOVERED

The first drowning of the season occurred Friday noon, with Samuel Turner, aged 50 years, of No. 1009 Franklin avenue, employed as hoisting engineer at the Peabody Lumber Company's plant, as the unfortunate victim.

Arthur Turner, aged 20 years, came dangerously near sharing his father's fate, for he, too, was thrown into the Ohio river when a frail john-bow they were using in setting a fish-net overturned. He succeeded in swimming ashore, and, to his surprise, found his father had disappeared below the surface without any sign of a struggle.

As near as could be learned, there were no eye-witnesses to the drowning, which occurred at 11:45 o'clock. Turner and his son, who is also employed at the Peabody plant as a helper, had just finished their dinner and descending the incline, put out into the river to set the net, as they were accustomed to doing periodically. They had reached a point sixty feet from shore opposite the Peabody landing and had just dropped the anchor into the water when the net caught on one of the ear-locks, causing the boat to capsize. The son, seeing this, jumped up to give the alarm, and soon a small army of men began the search for the body.

Men were dispatched to the city and points along the river in quest of a scow. Meanwhile Coroner Dr.

Walter Dasher was also notified and hurried to the scene, only to find the body had not yet been recovered.

That Turner should drown so easily was a source of surprise to his friends for he was considered a good swimmer, and it is believed he must have been seized with cramps.

When The Times called up Mrs. W. L. Leedom, a next door neighbor of the Turner family, she had not yet heard of the drowning. She and other neighbors broke the news to Mrs. Turner as gently as possible. She appeared calm and collected, having had a premonition that something had happened, for just shortly before the son had notified her over telephone that he would be home shortly, but offered no explanation. She regarded this as strange. Floyd Turner, another grown son, is employed at the Selby shoe factory.

Mr. Turner had been employed at the Peabody plant for the past eight years and was highly regarded by employers and employees alike, his tragic end ending quite a gloom over the plant. The family has lived in their present home the past three years.

Half of the fish-net was found near where the drowning occurred, but the body of Turner had not yet been recovered up to 3:15 p. m. It was the belief of some that he got tangled up in the net and that this caused him to drown.

COW HITS FENCE, BLEEDS TO DEATH

A valuable cow belonging to Charles Carroll, an N. & W. shop employee of Brewery Hollow ran into a wire fence Thursday and was so badly lacerated that it bled to death before a veterinary surgeon could reach the scene.

Cincinnati Dislikes McDermott Liquor Bill

Cincinnati, May 7.—With a thunderous "aye" that shook the offices of the Hamilton county Republican committee at a meeting of Cincinnati business men, in which the brewers, distillers, cigar manufacturers and allied liquor interests were well represented, "opposition to the McDermott liquor license bill as it now stands" was voiced.

The session recessed shortly after noon and another meeting will be held later today to hear a report from a special committee appointed to make an effort to draft an acceptable liquor license bill.

96 Repair Orders Are Issued, Alleys Outrageous, Is Report

Deputy Fire Marshals T. R. Bell and T. L. Hamilton and Fire Chief McOut concluded their four days' inspection of unsanitary buildings and fire hazards Friday noon. The deputy fire marshals started their work in this city Monday afternoon and investigated closely the conditions of buildings in the territory bounded by Second street, Gay and Eleventh street. Fire Chief McOut stated Friday that he hoped to bring Messrs. Hamilton and Bell back to the city next week so that the entire city can be gone over.

The four days' inspection brought 96 orders for repairs and fifty notices for property owners to raze their buildings. They made 25 re-inspections. The property owners will be given thirty days to comply with the orders. Any property owner not complying with the order

within the given time is subject to a fine of not more than \$50 and not less than \$10 for each day the buildings stand after the thirty day notice limit expires. The buildings are then torn down at the expense of the owner.

They found certain alleys in a very dirty condition, one alley in particular being littered with paper from one end to the other. "The alley and unsanitary conditions are in many places simply outrageous," said Mr. Bell Friday at the conclusion of the inspection. Very few alleys were found in good condition.

T. R. Bell will return to Circleville Saturday, while Mr. Hamilton will go to his home in Circleville soon. Mr. Bell stated that 80 per cent of the "come down" orders issued last fall in the city have been complied with.

DR. CARMAN TELLS OF MRS. BAILEY'S MURDER

Mineda, N. Y., May 7.—Dr. Ed. Carman described on the witness stand today in his wife's trial on the charge of murder the shooting of Mrs. Louise Bailey in his office in Freeport June 30 last. His story was identical with that related by him in the first trial.

Mrs. Carman, who had prepared to testify in her own behalf late today, followed his testimony closely.

It was dark, Dr. Carman said, when he heard the crash of glass,

and looking up saw a hand grasping a revolver thrust through the broken window. The state contends that the shooting occurred while it was yet daylight and opposes the theory of the defense that the assailant escaped in the darkness.

Before Carman was called to the stand William R. Smith, engineer of the electric light plant at Freeport, testified that the street lights were turned on at eight o'clock on the night of the shooting.

PEACE IN THE ORIENT SOUGHT BY AMERICA

Washington, D. C., May 7.—The Japanese-Chinese negotiations following reports that Japan had decided to send an ultimatum to China held interest here today second only to the European war. The position of the American government regarding the negotiations is set forth in a statement issued by Secretary Bryan following a consultation with President Wilson.

It is intended to clear up any misunderstanding that may exist as to the position.

The statement explains that there is no abatement of the American government's welfare and progress of China and declares its sole interest in the negotiations now in progress between Japan and China is that they may result in an agreement satisfactory to both nations and thereby contribute to world peace.

VICIOUS BULLDOG CHEWS UP A LITTLE BOY'S FACE

Mrs. Jacob Smith of High street received a letter from Cincinnati Thursday telling of an accident which befell her little five-year-old grandson, Raymond Jackson. A week ago today the little lad was attacked by a vicious bull dog. While passing a saloon in the Queen City the animal rushed out to the sidewalk and plunged its teeth into his cheek, disfiguring the child for life. Several of his teeth were knocked out and one eye injured. The dog was immediately shot. According to the letter received today the lad was getting along as well as could be expected. The Jacksons are former Portsmouth residents. Since locating in Cincinnati Mrs. Jackson married John D. Vincent.

Consults Specialist

James Bentler, of Pike county was in the city Friday. Twenty years ago while hunting a gun exploded with him and he lost his right eye and it is still causing him trouble. His mission here was to consult a specialist.

Positive Relief For Constipation

The progress of modern medicine is perhaps, no more forcefully evident than in the supplying of many of the old-time remedies of past generations. For instance, the harsh cathartics and violent purgatives used by our forefathers to relieve constipation are now known to be not only unnecessary, but really harmful. Constipation can be more effectively relieved without the discomfort and pain these old-time remedies occasion.

A combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is most effective, yet mild and pleasant. It is absolutely free from opiates and narcotics and equally an desirable remedy for the tiniest babe as for rugged manhood. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 432 Washington St., Monticello, Ill.

BIG DEMAND FOR JACK FROSTS

The Portsmouth Engine Company has just sold a ten-ton "Jack Frost" refrigerating machine and equipment for five rooms and ice-making capacity of five tons daily to Tracy Walker, of McComas, W. Va. This makes twenty-one such plants the Portsmouth Engine Company has sold within the last twenty weeks.

"FLOWERS FOR TEACHERS" IS CAUSE OF COMPLAINTS?

That a growing practice of school children to present their teachers with flowers is responsible for the numerous complaints over town about shrubbery being destroyed is the belief of the city officials. Appeals have been addressed to Supt. Frank Appel, of the public schools, and to Rev. Fathers J. E. McGuirk and T. A. Goebel, who have charge of parochial schools, asking them to advise teachers to instruct their students not to bring flowers to them except in instances when there is a request to do so. This, the appeal reads, will at least have a tendency to decrease the destruction of flowers and shrubbery on others' premises, eliminate any argument for an excuse to get flowers for teachers and also tend to assist in placing every child on an equality before the faculty.

JR. O. U. A. M. TO DEBATE

Three applications for membership were received by Portsmouth Council, Jr. O. U. A. M., at its regular meeting Thursday evening.

Announcement was made that the New Boston Council's debating team would debate a team from the local Council in this city on next Thursday evening. The subject is, "Resolved, That the United States Should Be Better Prepared For War."

Portsmouth and New Boston

Councils will also contest on the diamond, a game having been arranged for next Sunday morning at Millbrook park. Irwin Bowser is manager-captain of the local nine.

Three of the members left this morning for Cincinnati to attend a big class initiation which will be held this evening at Music Hall. Over one thousand candidates are expected to be in the class. The local members in attendance are William Boyles, Irwin Bowser and C. B. Groniger.

Local Man Invents New Garbage Can

E. Long, who resides at 1403 Union street, has a patent on sanitary, airtight odorless garbage receiver which he is confident will eventually become very popular as it is practical and is to be well constructed.

Mr. Long says it is so built that the refuse cannot freeze in the winter or be overheated in the summer. One of the greatest advantages of the garbage receiver is that you simply step on a pedal and the top springs up instantly.

The receivers are simple in construction and are non-breakable, the top being made of cast iron. The sides are made of galvanized iron. Mr. Long, who is quite an expert mechanic, says it is a vast improvement over the old style garbage can, which can be pulled over by dogs and he plans to have a sample of the garbage receiver ready for public inspection in a few days. He says that if placed in practical use they will go a long way toward keeping the city in a more sanitary condition.

Baseball Bat Wins Argument; Landed On A Negro's Head

Because he refused to vacate when ordered, John W. Bush, a colored barber, knocked his uncle Jerry Williams in the head with a base ball bat at the former's shop, No. 1134 Eleventh street, Friday noon.

Williams was rendered unconscious by the blow, it is claimed and suffered an ugly looking scalp wound. Friends carried him to his home on Twelfth street, where his wound was dressed by Dr. J. T. Brodnax.

Bush was arrested by Officer Callahan Smith, who responded to the hurry call in a taxi. He claimed that Williams had come into his shop in a drunken condition and when he became boisterous reminded him that his mother lived in the same property and asked him to move on. He said that Williams then began calling him vile names.

Others participating who made hits were: Russell Williams and Carl Walker, who played the part of Professors Blind and Myrtle, magician. The boys had some clever tricks which were greatly enjoyed. Goebel Ribble, the negro waiter of the so-called Bug House, was one of the funniest characters in the trial. Howard Lowry also made a big hit in the role of Professor Duphunny, a German music teacher. The judge insisted that Prof. Duphunny prove to the jury that he was a finished

Charles V. Wertz Thursday sold his strip of ground, 96 by 125, at Fifteenth and Waller streets, to Contractor James Wanless. He put up four five room houses on the newly acquired property, work to start on them at once. Mr. Wertz purchased Mr. Wanless' residence on Grandview avenue, the consideration being \$3,500.

Mr. Wertz sold his property at 1654 Sixth street to W. H. Wagner and Lot 37 in the Wiggard addition, in Wheelersburg, to C. H. Clawsen.

Mr. Wertz also closed the deal whereby Helen Nichols sold his property on Sixth street to Assistant Postmaster D. E. Thomas.

THANKFUL

The Times has received the following self-explanatory letter: The Times Publishing Company, City.

My dear Editors: The office desires, at this time, to express appreciation for the fairness as well as the able manner in which your reporters have written for publication and the space you have allotted thereto in your respective editions with special reference to departmental proceedings.

I appreciate your attitude all the more because we believe you are publishing such in aid of bettering community interests, and not because of any personal affiliation that any officer or myself may have in their introduction.

The city cannot issue a municipal journal therefore must depend to a large extent upon the local press to carry our messages to its people, all of which, owing to a lack of funds or appropriations, must be done gratuitously, for which the community as well as the officers manifest approval, even though, in all instances, they cannot so express themselves.

Respectfully submitted,
ADAM FRICK,
Mayor.

FILE NEW PETITION

The petition in the partition suit of Victoria Lambert Drake against Matilda Lambert and others, filed on May 1 by Attorneys Miller, Miller and Seal, was withdrawn from the records this morning upon permission of the court, and a new petition, bearing the same title, filed in its place by the same attorneys.

The plaintiff, who is a daughter and heir-at-law of Cornelius Lambert, names her mother and nine other heirs as defendants. She avers that she is the owner of one-tenth of the estate of her late father, consisting of eighty acres of land in Porter township, this county, and wants the property divided and her share awarded to her by the court. The property is subject to the widow's dower, the petition says.

Besides the widow, the following are named as defendants: Ella Montavon, Harriet Bowser, Lucinda Sanders, Laura Canterbury, Ella Heil, Dora Lambert, Anna Lambert, Roma Lambert and Ulysses Lambert.

Every seat in the commodious auditorium of the German Evangelical Bible School room was taken last night by an enthusiastic and appreciative audience who came out to witness the Mock Trial given by the Cycle Patrol of the Evangelical troop. It was a grand success in every way, and netted the boys a nice little sum, which will be used in purchasing sweaters for members of the patrol.

The trial was a clever and well written comedy which featured Mr. Harry Porter, well known local comedian, and Miss Alma Davis, one of Portsmouth's best readers. Harry Porter playing the leading role of Farmer Cyrus Pumpkins, kept his audience in a roar throughout the evening, and Miss Davis' "lamentation of a widow" and her account of a fugitive cow brought forth a big hand of applause.

Others participating who made hits were: Russell Williams and Carl Walker, who played the part of Professors Blind and Myrtle, magician. The boys had some clever tricks which were greatly enjoyed. Goebel Ribble, the negro waiter of the so-called Bug House, was one of the funniest characters in the trial. Howard Lowry also made a big hit in the role of Professor Duphunny, a German music teacher. The judge insisted that Prof. Duphunny prove to the jury that he was a finished

The presiding judge was Prof. J. F. Yenner of the High School, and Richard Knost was bailiff. Howard Graf was prosecuting attorney, and Hobart Sumson, as attorney for defense, carried their parts out to perfection.

The case was given to the jury at 9 o'clock and three minutes later they returned with a verdict of "guilty." Judge Yenner then had the prisoner to stand while he passed sentence. He sentenced him to be hanged on the 25th day of December about the year 2000.

The Mock Trial is only one of the many features of the Scout work at the Evangelical church, which is building up one of the largest and best Scout troops in Portsmouth. They hope to be in their new gymnasium by early fall, and this will open up a new line of work for the Scouts.

THAT IS, something is wrong with baby, but we can't tell just what it is. All mothers recognize the term by the lassitude, weakness, loss of appetite, inclination to sleep, heavy breathing, and lack of interest shown by baby. These are the symptoms of sickness. It may be fever, congestion, worms, croup, diphtheria, or scarlatina. Do not lose a minute. Give the child Castoria. It will start the digestive organs into operation, open the pores of the skin, carry off the foetid matter, and drive away the threatened sickness.

Adultery Charged

Attorneys Miller and Micklethwait, representing Susanna Kalb, wife of Edward Kalb, of this city, filed an amended petition in her suit for divorce in common pleas court Friday morning. In her amended petition the plaintiff alleges that her husband was guilty of adultery with divers parties unknown to her. She also avers that they were married on September 1, 1902.

She seeks a divorce and restoration to her maiden name of Susanna Lorey.

Adultery, Cruelty, Etc., Wife's Charges

Suit for divorce was entered in common pleas court Friday morning by Attorney N. B. Gilliland, representing Emma F. Ward, wife of John L. Ward, of this city. The wife alleges extreme cruelty, gross neglect and adultery. She claims that her husband cursed and abused her, threatened to kill her, and neglected to provide for her and their

children. She also alleges adultery with divers persons unknown to her, and specifically charges him with adultery with Nancy Hill on August 15, 1914. The couple were married October 13, 1890, and have five children, the oldest aged twenty years, the petition says. Mrs. Ward seeks a divorce, temporary alimony and custody of the children.

Husband Is Freed From Cruel Wife

Judge Thomas in common pleas court Friday morning awarded a decree of divorce to Alva Lyons from his wife, Amanda Lyons, on the grounds of extreme cruelty and gross neglect. Lyons told the court that his wife was possessed of an unrelenting disposition and ungovern-

able temper, aggravated by her habitual use of drugs. He said she voluntarily left him last September, that in January last, they agreed upon a division of their property. Lyons' petition stated that they were married in 1896. He was represented by Attorney Theo. K. Funk.

Samuel Robb New Head Of S. W. V.

Samuel Robb, who was formerly senior vice-commander of the local camp, United Spanish War Veterans, is now the commander of the Camp, presiding for the first time at the regular meeting Thursday evening. He succeeds to the office left vacant by the removal of Sergeant Louis Hehl-

iger, U. S. recruiting officer, from this city, a few weeks ago. Commander Robb appointed a committee consisting of George S. Carroll, Edward Hicks and Harry W. Mutholtz, to co-operate with the committee from the Sons of Veterans and the Jr. O. U. A. in the arrangements for a big patriotic meeting to be held prior to Memorial Day as a tribute to members of the Grand Army of the Republic, who will be guests of honor. The same committee was instructed to perfect the arrangements for the observance of Memorial Day by the Camp. (George A. Ditty was unanimously elected as a delegate from the Camp to the state departmental meeting at Mansfield, O., on June 10th and 11th.)

DO YOU FEEL DEPRESSED?

The form of influenza commonly called "the grip" is no respecter of persons. Rich and poor alike suffer from it. The duration of the acute stage of the grip is short, a few days at most. Without complications it is never fatal. What makes the grip so dreaded is the miserable condition in which it leaves its victims after the cold and fever have run their course. Some medical writers refer to this "after-effect" of the grip as a form of neurasthenia.

Depression of spirits, headache, thin blood, deranged digestion, over-sensitive nerves—these are the usual after-effects of the grip, and they will continue on for months and years until the blood is built up and made rich and red. After an attack of the grip all the vital powers of the body are at a low ebb. Building up the blood with Dr. Williams' Pink Pills is the surest way to restore the weakened body. They have a special action on the nerves and every sufferer from the lingering effects of the grip should give them a trial. Your own druggist sells them.

Write today to the Dr. Williams Medicine Co., Schenectady, N. Y., for the free book, "Building Up the Blood." If you have stomach trouble ask for a diet book also.

May File Answer

Judge Thomas Friday morning approved an entry including the firm of Nendoeffer and Silcox as defendant in the suit filed recently by John L. Hinz against Jas. W. and Alice J. Mitchell and granting leave to the firm to file an answer to the plaintiff's petition. The action is for money;

Dr. J. E. Turner House Ready
A. S. Turner expects to have his new hotel, "The Turner House," formerly the St. Louis hotel, on Third street, open for business by tomorrow morning. Part of the hotel is already fixed up, and six guests were accommodated there Thursday night, although the hotel has not been formally opened. The place is being refurbished throughout, and extensive improvements made.

Mrs. R. G. Morris, of Grant street, who just returned from Williamson, W. Va., will go back to that place Sunday with her three children, Edith, Madeline and Bernice, for another visit.

The Movies

"Sunshine Molly," Paramount Feature Columbia Tonight. The Columbia tonight presents "Sunshine Molly," one of the best of the many good Paramount pictures. This is a story of the oil fields of California, featuring Lois Weber and Phillips Smalley and an all star cast company. It is a picture filled with tense dramatic action, with a vein of comedy running throughout and staged with a close attention to detail and naturalness.

Some remarkable scenes are shown of "Gashers" and a magnificent free scene showing the burning of an immense oil field is one of the many great and wonderful scenes in this picture.

Remember this great picture is only here for this evening, so don't forget the Columbia when you come down town tonight.

At The Lyric
Tonight's feature is a Vitagraph masterpiece called "The Enemies," a three part drama with an all star cast including Harry Morey and Edith Storey. Saturday the good show is Francis Bushman in a stirring, romantic love story in three acts "The Return of Richard Neal" and it's a great picture—too good to miss it, so when you come out Saturday night make straight for the Lyric so you can get in to see it.

At The Exhibit
There will be plenty of music and a shower of good pictures at the Exhibit tonight. Manager Law is again offering two of Ben-Lax's musical motion pictures entitled "There's One In A Million Like You," and "Kiss Me Again I Like It." These pictures are making a distinct hit.

The feature of the bill tonight is "Lost Lord Lovell" in two reels.

Don't forget Saturday's big feature, the kind they all like, a Keystone, "Ambrose's Sour Grapes." It is told in two reels and believe us there is a wealth of fun in it.

At The Arcana

"The Five-Pound Note," a two reel Imp, is today's attraction at the Arcana. Avon Ledgard, scion of a titled English family, engages in a quarrel at his club, when one of the members states he has never earned a penny in his life and wagers 1,000 pounds that he can earn 5 pounds within ten days. To earn this amount he encounters many adventures which will please all patrons at this popular theatre today. Manager Potts is a happy man these days, having a beautiful place and full house at all times. His pictures are of the very best, while the price of admission is only 5 cents. If you want to spend a pleasant afternoon or evening, visit the Arcana.

The Strand

"The Phantom of the Violin," a three-reel Gold Seal melodrama, tells the tragic story of a musician's word revenge upon his wife in the sub-cellar of an old monastery used as a cular. In this picture Francis Ford and Grace Cunard have brought forth a three-reel masterpiece of terror and tragedy. Many of the scenes are of the most startling character. "Hydraulic Mining" is an educational picture of great interest. On the same reel another picture "Our Daughter," will be shown. Tomorrow—Saturday—we will run the first episode of the "The Black Box," in two reels and will come two reels each Saturday for 15 weeks. The press and public comment on this picture places it in the highest ranks of photo-dramas. Don't miss the opening number. Special music by a trio each Saturday night.

Sc At Temple Theatre

"His Brother's Keeper" is an unusual drama of a pathetic nature wherein an old Civil War veteran is granted a pension that enables him to care for a girl. His heartless brother fails, is evicted by the agent. Realism is pre-eminence, the cruelty of the younger brother, the weakness of the old soldier. The characters are effective and well played. The excitement is intense when the old man is telling his story to the girl. "The Black Sheep" is the title of the third reel, and the fourth reel is an uproarious Keystone comedy. A little party is enjoyed with the married lady next door. Preston Davenport leads in this comedy.

Preserving Eggs At Home

is the title of a money-saving booklet, which should be in every home. Tells how to have "wax-coated eggs all year round" and how to have a plentiful supply of the finest eggs in the fall and winter months when eggs are scarce and high priced.

THEATRICAL

At The New Sun

NEPTUNE'S DAUGHTER

"Neptune's Daughter," a remarkable photoplay with Annette Kellermann fulfilled all expectations at the New Sun theatre yesterday.

The famous "Diving Venus" now escaped from her tank, and in the fullness of her beauty as the "Perfect Woman" is doing some extremely good acting in the romantic and dramatically thrilling photoplay flashed upon the screen yesterday in its first local exhibition at this house.

Captain Leslie Beaecock hit upon a very agreeable theme in this fairy fantasy of the "Daughter of Neptune" and Herbert Brown who plays a conspicuous part in its performance, has staged it most admirably, with Miss Kellermann in the oblique role of the ever-present and always pleasantly persuasive ocean child.

The story, beautiful in concep-

tion, yet as simple as that of "Cinderella," is, one might say, plaintively told in a half score reels, each photographically excellent. The locale, mythical—practically of necessity—is given a material base amidst the tropical richness of the Boriqua Islands, where Miss Kellermann and 200 others acted under the open sky in the ocean caves and palaces of fanciful construction.

This sympathetic romance of the love of Annette, the Mermaid magically transformed, and King William, the mortal ruler of this picturesque country of palms, vine and gleaming chapparals and rocky ocean shores.

The transformation scenes, the one making mortal the mermaid, and the other restoring her tem-

porarily to her Lorelei form, are among the most fascinating of the story's action, though there are others that exhibit so potently the marvelous charm of beauty, that the eyes fairly feast upon their splendors.

Free from the narrow confines of an exhibition tank, Miss Kellermann does some thorough acting, though her swimming and diving (much of it shown in several of the reels) are still the especial excitements of the acted story. The Kellermann beauty and perfection of form attract the same universal admiration as when, as the "Diving Venus," she created her vaudeville furor, not so many seasons ago. In fact, there is a liberal display in several of the scenes of the Kellermann anat-

omy, though so generously screened from the danger of immorality by the mermaid wealth of hair, that no one need carry their blushes with them to the theatre.

**Mill and Factory
SALE!**

Mills and factories anxious to unload. Ladies' tailors wanting to sell at any price. Whole-
salers desire to get rid of goods. That's the combination that brought this sale about. Our New
York and Cincinnati buyers just grabbed the plums that were offered them. Fast express brought
them to our store, we marked all this merchandise so low that no one can afford to pass up this
sale. A. L. White, the new manager of Goodman's Style Shop, is anxious to make a good im-
pression with the people. He says in all his 15 years' experience he was never enabled to offer
goods at these prices.

**Sale Now Going On and Will Continue
15 Days Ending Saturday, May 22!**

Remember that A. L. White's record is at stake. He must make good with the people, there-
fore every item, everything that's mentioned in this document will be found on sale. And many
small lots not advertised will be placed on counters and marked at astonishing prices. Every day
will add new attractions to this, our first Mill and Factory Sale. As our buyers are constantly on the
alert for new things up to the Goodman high class standard to sell below the usual prices.

**BICYCLE RACES OPEN
TO THE WIDE WORLD;
EXPECTING A BIG TIME**

Plans for the bicycle races to be
held on Monday May 31, the
course to be around the Boul-
vard are being rapidly completed
and these races will no doubt at-
tract lots of attention.

They will be given under the
auspices of the local bicycle re-
pair men of this city as follows:
Francis Knapp, who is the pro-
moter of the races, Boynton Dav-
enport, Emil Arthur, R. S. Prich-
ard, Alex M. Glocker and The
Hartley-Davidson Sales company.
It was announced Friday by Mr.
Knapp that prizes aggregating

\$100 would be given to the win-
ners.

Boys under 16 will make one
trip around the Boulevard, a dis-
tance of five miles and entrants
over 16 will go around the Boul-
vard twice or ten miles. The
races are open to anybody and all
entries must be in the hands of
Promoter Knapp at 12 o'clock on
Monday May 31. Send them to
your nearest dealer and he will
turn them over to Mr. Knapp.

The races will start from the
Postoffice building and will go
north on Chillicothe street and
the Chillicothe pike to the Boul-
vard, where they will go round it.
Upon reaching Kinney's Lane the
course will be down Kinney's
Lane to Offshore street and thence
south on this street in Gallia and
then west to the postoffice. Those
wishing to enter the races and
compete for the handsome prizes

are requested to send in their en-
tries to Francis Knapp of 1543
Twelfth street.

CLIFF COUNTS WEDS

Somewhat of a sensation occurred in South Portsmouth Friday
when it was learned that a marriage license had been issued at
Greenup by County Clerk J. E. Pritchard to Clifford Marion Counts,
who is well known in New Boston and this city, and Miss Reale
James, daughter of Harvey James of South Portsmouth. The
couple was later married by Rev. Mr. Bush of South Portsmouth.
Counts, according to information from Greenup, gave his age as
21 and Miss James as 25.

To the Business
Men of Portsmouth

When a run-down salesman calls on you, do you buy his goods? Aren't you
afraid of his line because he looks as if no one ever gave him an order?
Same thing is true of a seedy town. To be prosperous we must look prosperous
and show local pride.
Clean streets, nice stores and well-painted buildings pay because they bring
business. Paint-hungry buildings are least excusable, for paint made of

Anchor White Lead

and pure linseed oil pays its way by protecting buildings against rot and
decay.
Let us estimate on your painting job. We have all good painting requisites.

IRONTON RUMBLES WITH RUMORS OF SENSATION; MINISTERS MAKE CHARGE

The Ironton rumbles of Friday morning said:
"A mild sensation is spreading along under the surface of the city of Ironton which is liable to break forth at any time, and when it does break it will involve some of the city officials high up, some members of the Ministerial association and some candidates for city offices."

A few Sundays ago a minister who is teaching a Sunday school class made the statement to his class in substance that there was a graft going on in the city of Ironton and it involved two city officials of Ironton high up. It is understood that this minister elaborated upon the statement saying the graft was the outgrowth of the red light district and that a doctor and a city official was splitting the fees for examination of the inmates of these resorts.

"This statement or the substance of it came to the ears of one of the city officials, who after some wise counsel went to see this minister, who, it was reported made the statement, and inquired of him, if he made such a statement, and who, after some hesitation admitted that in substance he had made such a statement. This official wanted to know upon what authority such a statement was made by him. At first he refused to divulge his authority, but upon emphatic insistence by the said official he revealed his authority, and it is reported that he said that he made the statement upon the authority of a brother minister at a ministerial meeting previously held.

"Immediately this city official went to the minister who, it was alleged, made the statement at the meeting of the Ministerial association, to get from him the au-

thority for the statement which had been attributed to him. It was with some delay and demur that the authority was revealed. But it is understood that this authority was revealed, and also the name of the doctor, that was claimed to be involved in the splitting of the fees.

"The authority traced right back to a candidate for city position who is in strong opposition to the city official, who, it is alleged, is accused of participating in the petty graft.

"It is understood that this controversy has proceeded even further. It has reached the letter writing, and affidavit-making stage.

"In this controversy the people are interested in one thing and that is the truth. If the accusers have any foundation for making the accusations they should come out in a public way, make the charges go, and if they are made good, the public officials, who engaged in such practice should be drawn from public life. But before making such charges people should be very careful because it is very easy to assassinate character, and shake public confidence in officials."

ROYAL NEIGHBORS WILL SHOW THEIR NEW PARAPHERNALIA

Members of the Royal Neighbors, Delta Camp, No. 2626, will attend the meeting of the Modern Woodmen of America in a body this evening, wearing their new caps and sashes purchased with the \$53 donated to the Camp by the Modern Woodmen Lodge. The caps and sashes were worn for the first time at the meeting Thursday evening, when the initiatory work was conferred on one candidate, Mrs. Stella Bourne. The application of one other candidate was favorably acted upon.

Police Called When Girl Is "Slapped"

Police received several hurry calls to No. 821 1-2 Front street Friday morning, neighbors complaining that Mrs. Edna Stewart was unmercifully beating her 17-year-old daughter Selva. Officers Callahan Smith and Joe Stokley found the neighborhood in a big uproar, and rushing upstairs found the young girl in tears. She denied, however, that she had been beaten, while the mother claimed she had merely slapped her. The officers warned her against unduly punishing the child, whose screams neighbors said had been heard all over the neighborhood. The attention of Assistant Officer Harry Ball will also be called to the complaints.

Says He Was Vindicated

Marion Nichols, all diked out in a brand new summer suit, displaying a fine new gold watch and quite a roll of money, was a caller at police headquarters Friday. He came after some personal effects left behind at the time he was taken from Portsmouth to Circleville a few weeks ago to be tried for alleged assaulting and robbing a man named Platt. Marion claimed he was completely vindicated at the trial saying he had never before seen his accuser.

Senior Actors To Hold A Rehearsal

A full scenic rehearsal will be held by the Senior class students of the high school Saturday for their plays "As You Like It" which is to be presented in the high school auditorium next Thursday and Friday evenings May 13 and 14. The scenery from Armbruster and company of Columbus arrived Wednesday and is in place. The woodland scene is said to be the handsomest piece of scenery ever seen in Portsmouth. The costumes will arrive in a few days. Saturday the play will be rehearsed just as it is to be presented, the costumes being the only thing lacking. Music will be furnished by Misses Lollie Anderson, Alice Blake and Mrs. A. L. Wilhelm.

The names of several participants were left out of the program published several days ago. Misses Florence Daehler and Katherine Littlejohn should have been included in the list of court ladies and Marion Prosch is taking the part of the shepherd along with Earl Himes.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

"Richmond, Pa. — When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until I made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 9140 N. Tulip St., Richmond, Pa.

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Mill and Factory SALE!

Mills and factories anxious to unload. Ladies' tailors wanting to sell at any price. Wholesalers desire to get rid of goods. That's the combination that brought this sale about. Our New York and Cincinnati buyers just grabbed the plans that were offered them. Fast express brought them to our store, we marked all this merchandise so low that no one can afford to pass up this sale. A. L. White, the new manager of Goodman's Style Shop, is anxious to make a good impression with the people. He says in all his 15 years' experience he was never enabled to offer goods at these prices.

Sale Now Going On and Will Continue 15 Days Ending Saturday, May 22!

Remember that A. L. White's record is, at stake. He must make good with the people, therefore every item, everything that's mentioned in this document will be found on sale. And many small lots not advertised will be placed on counters and marked at astonishing prices. Every day will add new attractions to this, our first Mill and Factory Sale. As our buyers are constantly on the alert for new things up to the Goodman high class standard to sell below the usual prices.

BICYCLE RACES OPEN TO THE WIDE WORLD; EXPECTING A BIG TIME

Plans for the bicycle races to be held on Monday May 31, the course to be around the Boulevard are being rapidly completed and these races will no doubt attract lots of attention.

They will be given under the auspices of the local bicycle repair men of this city as follows: Francis Knapp, who is the promoter of the races, Boynton Davison, Emil Arthur, R. S. Frieland, Alex M. Glockner and The Harley-Davidson Sales company. It was announced Friday by Mr. Knapp that prizes aggregating

\$100 would be given to the winners.

Boys under 16 will make one trip around the Boulevard, a distance of five miles and entrants over 16 will go around the Boulevard twice or ten miles. The races are open to anybody and all entries must be in the hands of Promoter Knapp at 12 o'clock on Monday May 31. Send them to your nearest dealer and he will turn them over to Mr. Knapp.

The races will start from the Postoffice building and will go north on Chillicothe street and the Chillicothe pike to the Boulevard, where they will go round it. Upon reaching Kinney's Lane the course will be down Kinney's Lane to Offshore street and thence south on this street to Gallia and then west to the postoffice. Those wishing to enter the races and compete for the handsome prizes

are requested to send in their entries to Francis Knapp of 1543 Twelfth street.

IRONTON RUMBLES WITH RUMORS OF SENSATION; MINISTERS MAKE CHARGE

The Ironton Irontonian of Friday morning said:
"A mild sensation is spreading along under the surface of the city of Ironton which is liable to break forth at any time, and when it does break it will involve some of the city officials high up, some members of the Ministerial association, and some candidates for city offices."

A few Sundays ago a minister who is teaching a Sunday school class made the statement to his class in substance that there was petty graft going on in the city of Ironton and it involved two city officials of Ironton high up. It is understood that this minister elaborated upon the statement saying the graft was the outgrowth of the red light district and that a doctor and a city official was splitting the fees for examination of the inmates of these resorts.

"This statement or the substance of it came to the ears of one of the city officials, who after some wise counsel went to see this minister, who, it was reported made the statement, and inquired of him, if he made such a statement, and who, after some hesitation admitted that in substance he had made such a statement. This official wanted to know upon what authority such a statement was made by him. At first he refused to divulge his authority, but upon emphatic insistence by the said official he revealed his authority, and it is reported that he said that he made the statement upon the authority of a similar statement made by a brother minister at a ministerial meeting previously held.

"Immediately this city official went to the minister who, it was alleged, made the statement at the meeting of the Ministerial association, to get from him the au-

thority for the statement which had been attributed to him. "It was with some delay and demur that the authority was revealed. But it is understood that this authority was revealed, and also the name of the doctor, that was claimed to be involved in the splitting of the fees.

"The authority traced right back to a candidate for a city position who is in strong opposition to the city official, who, it is alleged, is accused of participating in the petty graft.

"It is understood that this controversy has proceeded even fur-

ther. It has reached the letter-writing, and affidavit-making stage.

"In this controversy the people are interested in one thing and that is the truth. If the accusers have any foundation for making the accusations they should come out in a public way, make the charges go, and if they are made good, the public officials, who engaged in such practice should be drawn from public life. But before making such charges people should be very careful because it is very easy to assassinate character, and shake public confidence in officials."

ROYAL NEIGHBORS WILL SHOW THEIR NEW PARAPHERNALIA

Members of the Royal Neighbors, Delta Camp, No. 2626, will attend the meeting of the Modern Woodmen of America in a body this evening, wearing their new caps and sashes purchased with the \$53 donated to the Camp by the Modern Woodmen Lodge. The caps and sashes were worn for the first time at the meeting Thursday evening, when the initiatory work was conferred on one candidate, Mrs. Stella Bourne. The application of one other candidate was favorably acted upon.

Police Called When Girl Is "Slapped"

Police received several hurry calls to No. 521 1-2 Front street Friday morning, neighbors complaining that Mrs. Edna Stewart was unmercifully beating her 17-year-old daughter Sylvia. Officers Callahan Smith and Joe Stokley found the neighborhood in a big uproar,

and rushing upstairs found the young girl in tears. She denied, however, that she had been beaten, while the mother claimed she had merely slapped her. The officers warned her against unduly punishing the child, whose screams neighbors said had been heard all over the neighborhood. The attention of Municipal Officer Harry Ball will also be called to the complaints.

Says He Was Vindicated

Marion Nichols, all diked out in a brand new summer suit, displaying a fine new gold watch and quite a roll of money, was a caller at police headquarters Friday. He came after some personal effects left behind at the time he was taken from Portsmouth to Circleville a few weeks ago to be tried for alleged assaulting and robbing a man named Platt. Marion claimed he was completely vindicated at the trial saying he had never before seen his accuser.

Senior Actors To Hold A Rehearsal

A full scenic rehearsal will be held by the Senior class students of the high school Saturday for their plays, "An' You'll Like It," which is to be presented in the high school auditorium next Thursday and Friday evenings May 13 and 14. The scenery from Armbruster and company of Columbus arrived Wednesday and is in place. The woodshed scene is said to be the handsomest piece of scenery ever seen in Portsmouth. The costumes will arrive in a few days. Saturday the play will be rehearsed just as it is to be presented, the costumes being the only thing lacking. Music will be furnished by Misses Lollie Anderson, Alice Blake and Mrs. A. L. Wilhelm.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tull St., Richmond, Pa.

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

LOCAL TEAM STRONGER THIS YEAR THAN LAST

—PRESIDENT GABLEMAN

GIVES REASONS WHY CLAIM IS MADE

There is one man in Portsmouth who is firmly convinced that Portsmouth will have a stronger team this year than last year or the past few years.

This person is none other than William N. Gableman, president of the Portsmouth baseball team. In fact his confidence amounts to real enthusiasm. He is not only convinced that the city will be represented by a well balanced team, with youth and enthusiasm in its favor, but he convinces those who doubt his faith that he is absolutely right in his conviction.

"And mind, I am well aware of the fact that we practically had a Class B team last year and corks good class the years previous to this," said Mr. Gableman last night.

"I have watched the boys workout under the guidance of Manager Gableman and Scout Billy Doyle and I like them. They have enthusiasm, that youthful brand that is so infectious and so welcome to watch. The boys are out there trying to play their best. They remind you in the way of action of the good, energetic housewives with rolled up sleeves during housecleaning time."

"Well, let's start with the catchers," continued the local president last night. "Doherty will be better than over this year. He has had more experience and is real push to his work now. Catcher Mills will prove a great second string catcher. He comes highly endorsed as an experienced backup. You'll admit that the catching department is better. As Dilly is a grand little catcher and Mills will be coming while Nick Francis is going."

"Then we will take the pitchers. I am really satisfied that in McCall, Ferguson, Cost, Test and Jacobus we will have a better pitching staff than we had when the bell lapped last year. Then we had Carver, Weller, Jones and Hoffer. I know this bunch looks formidable, but just keep your eye on the pitching staff Manager Spencer will try out this season," said Mr. Gableman to a cluster of fans last night.

"McCall and Jacobus and Ferguson have shown a lot of stuff in the pitching line and will mix good. Test and Cost are young, but have the nerve and skill, and are going to develop into solid pitchers. I figure that McCall and Ferguson right now are better boxmen than Weller and Hoffer were at this same time. Weller never was a steady pitcher and Hoffer was added to the squad of wildness that kept him out of the big show. Just keep your eye on the all-time hurling staff. It looks genuine and resourceful to me."

"It is my opinion that Spencer will play a better game at first than Edwards. I figure that he will hit better than Edwards. At second base, Gableman is young, but has the nerve and skill, and are going to develop into solid pitchers. I figure that McCall and Ferguson right now are better boxmen than Weller and Hoffer were at this same time. Weller never was a steady pitcher and Hoffer was added to the squad of wildness that kept him out of the big show. Just keep your eye on the all-time hurling staff. It looks genuine and resourceful to me."

"The outfield is different. Hagan, Hickley and Dillz made a grand outfield last year. Dillz returns and Hagan and Zeller succeeds Brown and Hickley. They are very promising fielders, fast throwers and look like reliable players. Just keep your eye on our revamped outfield."

"I really believe that the team is better balanced and better fortified all around and after the club is seen in a few games the well posted fans of Portsmouth, admittedly one of the best minor league towns in the country, will agree with me. I believe," said Mr. Gableman in conclusion.

Red Shifts Talked Of

Now they are talking about making several shifts in the Reds' lineup. "Twice always thus. Just as soon as the Bluelanders have a few games away, possibly through a piece of hard luck or an unfortunate play, the lineup is torn to pieces. It is reported that Herzog may bench Olson and Melwitz and bring Kiefer in from the outfield and put him on second."

Wagner Is Through?

Sentiment is a great and glorious thing. Hans Wagner is not only a landmark of the game, a great old hero with the fans, but one of the finest characters ever connected with the sport. But sentiment must give way to stern reality. Wagner is going out and his fall of 1914 was no accident, but the first notice of his failure. Hans Wagner is just about through, and when he is through, so is the Pittsburgh club. There were two great pillars of that once mighty team, Clarke and Wagner. When Clarke retired as an active player, the strength of Wagner, coupled with Clarke's advice from the bench, carried the club along awhile. Wagner is going now; when he is done, that team will be weaker. It's all right for the paragraph writer and comedians to say that Wagner hits 'em hard, as ever—but what's the use? He's nearly through, and the 1914 rate team goes with him.

WAS WORTH IT

A St. Louis magistrate assessed Manager Herzog, of the Reds, \$125 court costs for stepping on the toes of Umpire Ruler in their recent altercation on the Cardinals' ball lot, and told the indicator holder to "wait for a like amount for altering several of 'Charley's' features. Both stated that they were satisfied that they got their money's worth."

JOSH HAS SENT OUT THE S. O. S.

Josh Devore, manager of the Chillicothe Babes has flashed the S. O. S. across the high baseball grass and hopes to have it answered as with the season but a few days away he is badly in need of an outfielder, one more pitcher and two infielders. Two men joined the team Thursday and Herzog says he will have one swell club when the old ball boys next Tuesday.

NOT RECOGNIZABLE

Johnny Shovlin, of the Columbus Senators is not recognizable these days, but because a boulder struck him in the face, Shovlin is going to make good in Senatorial togs.

Military Company Filling Up Rapidly

Capt. J. W. Smith announced Thursday evening that over one-half of the quota for the new military company that is being recruited here to be affiliated with the O. N. G. has been filled. Signatures of prospective members are being secured by a number of prominent young men in the city who have become interested in the movement, and who expect to become members themselves.

It is hoped to have the company recruited, clothed and housed in a temporary armory by the time the mid-summer camp maneuvers start, so that the local company can participate. From present indications, the company will be mustered in before that time.

HAS "GATHERED" 11 00 EGGS FROM CITY CHICKEN FARM

Fire Chief W. A. McQuat is some chicken fancier in fact he has the goods to prove that he is.

Since last December he has collected 1100 eggs and has one of the largest chicken "farms" in the city. He recently sent \$15 worth of eggs from his best hens, but they were "scratched" before they reached their destination and Chief McQuat has put in a claim for their value.

Returns To Grocery Business

Harry C. Ingles, who a year ago retired after many years in the grocery business, found inactivity against his liking and has just re-engaged in business at his old stand, 1105 Front street. Harry is one of Portsmouth's most substantial merchants and his many friends are glad to see him back in harness again.

Gets Notice

N. A. Brokaw and Sam B. Timmons has just been served with a copy of the resolutions adopted by the city board of health at its last meeting directing him to provide proper drainage and relieve present unsanitary conditions on his premises at Gallia, Young and Kendall avenue.

SPORT SALAD

The Newark International league team has sent Pitcher Cliff Girtis to Columbus in exchange for Outfielder Menor, who was formerly with the Pirates.

And we forgot all about Judge Landis and the shy and backward baseball decision during the excitement over Kauff until Ben Johnson recalled it over our attention.

Some of the players who spent the training season putting themselves into first class condition for golf, checkers and poker now are beginning to regret that they didn't give a little closer attention to baseball.

Will Bring Strong Team

(State Journal)

"Cap" Abner completed arrangements last night to take his Mendel Westerns to Portsmouth next Sunday to play the Ohio State League team of that city. This will be the last game for the Portsmouth club before the opening of the regular season on next Tuesday. A capacity crowd probably will be on hand to see the crack Columbus organization, back to the Ohio State League.

Want Herzog Exonerated

Cincinnati fans want Herzog exonerated from the blame for his run-in with Umpire Ruler in St. Louis last Saturday. They have sent a petition to President Tener to have Herzog suspended five days, which was the sentence meted out to the field leader.

SENATORS WON

Buddy Beers' Senators of Charleston journeyed to Montgomery, W. Va., yesterday and beat the team there 2 to 0. Six hundred fans saw the game.

RIVER CITIES ORGANIZE

The River City's a fast club of the east and have organized for the season and are ready to meet any team in town for a game. Manager Debo requests the following players to be at St. Straus' park Sunday afternoon as he has a game booked with the Yankees: Ross, Bryant, Ross, Hughes, Sommer, Perkins, Cornutte, Scott and Haislet.

For games call X-1528 and for George Debo, between the hours of 5 and 7.

DARKEN GRAY HAIR, LOOK YOUNG

Don't look old—look young—so if your hair is wispy, thin, faded, gray streaked with gray, faded, dry, prematurely gray, simply shampoo hair and scalp a few times with Q-Ban Hair Color Restorer. Your gray hair will be beautifully darkened, lustrous, soft, fresh, wavy, with that dark lustrous gloss which makes the hair so fascinating and attractive. Also stops itching scalp, dandruff and falling hair. Q-Ban is not a dye, but acts on the roots so the gray hair is so evenly and beautifully darkened that no one can tell it has been used. Q-Ban is not sticky or messy; harmless. Try it. Big 7-oz. bottle only 50c. Stewart Drug Co., Portsmouth, O. Out of town folks supplied by mail.

Mrs. Rocco, of Columbus, is the guest of Mrs. Frank Price, of Second street.

Parisian Sage surely makes dull, lifeless and faded hair glossy, soft and fluffy. Just one application removes every bit of dandruff and stops itching scalp. A large bottle costs but a trifle at Wurster Bros. adv

Ten dollars was the amount realized from the Kensington of the Second Presbyterian Missionary Society held yesterday afternoon at the home of Mrs. Grant Williams.

Mrs. Charles Erwin was given a delightful surprise yesterday at her home in Harrisonville, where forty-two of her relatives and friends assembled to celebrate her fortieth birthday anniversary. Among the guests were Mr. and Mrs. M. W. Brown and Mr. and Mrs. E. E. Eynon, of Portsmouth. The party was an all day affair. An elegant chicken dinner was served at the noon hour which was fit for a king. There were ten large cakes of different kinds and everything good to go with the chicken. After dinner there was music and a picture drawing contest with the eyes closed. Mrs. Erwin was the recipient of beautiful gifts, and one highly appreciated was the wedding ring of her mother, Mrs. William Kirchner, who presented the ring of her wedding fifty-one years ago to her daughter. Mrs. Kirchner is 73 years of age. The day was one of great pleasure long to be remembered by all who were present.

Mrs. Chas. Hinn, of Greenfield and Mrs. Albert Ober, of Chillicothe, are making a short visit at the home of the former's sister, Mrs. Herman Huels, Sr., of Third street.

Mrs. Archibald Somerville has as guest her cousin, Mrs. S. H. Whitmer, of Cincinnati.

The splendid musical program recently given at an entertainment of the Knight Templars will be repeated on the evening of Tuesday, April 13th, at the Second Presbyterian church for the benefit of the Day Nursery. The participants include the best musical talent in Portsmouth.

After a short visit with relatives in Portsmouth Mr. and Mrs. Henry Nagelisen have gone to their home at Camp Arion.

The First Baptist Ladies' Aid Society held the monthly meeting yesterday afternoon at the home of Mrs. Howard Gibbs. Twenty was the number present. Arrangements were made to hold four bazaar sales at the Saturday evening markets, beginning Saturday, May fifteenth.

The Bethel Ladies' Aid Society met yesterday afternoon at the church, where the usual business was transacted. Those present were Mesdames Charles Morris, Bert Deimler, daughter Louella, Ellis Worriers, Charles Hopkins and son Arthur, F. B. Miller, Gerald Goodman and children Louise and Margaret, Misses Della Morris, Lennis Beckman, Ferrel Beckman. The next meeting will be held in two weeks at the church.

be so kind as to tell me before Saturday something new and different to take to a picnic, I mean in the eating line. (I don't mean the bread line), and oblige.

Dear Dolly—You could take fried chicken, boiled ham or some kind of canned meat, fruit, pickles, olives, hard boiled eggs, potato salad, pie, cakes, sandwiches, etc. Anything that is good to eat and easy to prepare is permissible at a picnic.

Dear Dolly—I would like for you to tell me how to clean a white milan straw hat.

Brush out all the dust and then sponge the hat faithfully with peroxide of hydrogen. Set in the sun, but where there is no dust, and let it dry. Should any grime or sallowiness remain, repeat the process. Another way is to go all over the hat, after brushing out the dust, with fine white cornmeal, slightly dampened. It should be just moist enough to cling to the straw without wetting it. Set away for a day, covered to exclude the dust, and brush out the meal. Some advise mixing salt with the meal before moistening it. When the hat is clean you may bleach it with peroxide.

Dear Dolly—Please print a recipe for whitening the hands and arms.

Arms and hands that are young and red should first be treated by washing with plenty of good soap at bedtime and drying briskly with a rough towel. Afterward rub in a little mixture of equal parts of glycerine and rosewater. If the arms are rough, avoid hot or cold water; use tepid water, good soap and a soft towel.

Dear Dolly—The other night a reader asked for a home made

furniture polish. Here is a good one. Three parts of sweet oil mixed with one part alcohol makes a good polish. Another excellent home made furniture polish consists of one pint alcohol, 1-2 ounce ground rosin, 1-2 ounce gum shellac and 1 pint kerosene. Dissolve rosin and shellac in alcohol, then add linseed oil and shake thoroughly. Apply and polish with different cloths.

Dear Miss Wise—My husband takes me to dances and never dances with me all evening. I do not feel altogether right in dancing with other men, one dance after another, and it makes me very unhappy. If I were to refuse to go, there would be such an awful fuss that I would be miserable any way. I can have plenty of partners, but can't get over the feeling I have told you of.

Go with the idea of having just as good a time as you can. If your husband dances with all the other women I think you are justified in filling your program with other men. Change your tactics. Don't sit out a single dance, and let your husband see that you are having just as gay and happy a time as he is. You might mention on your way home, that you have had a most wonderful evening. It isn't the nature of things for a man to stand this very long, and I predict he will soon be engaging some of your dances.

THANK YOU. You are right. A gentleman always lifts his hat when he meets an acquaintance who is accompanied by a lady even if he is not acquainted with her.

It is not. If a married man has any money to spend on presents he should give them to his wife and children.

VATICAN ADVISES GERMAN STUDENTS TO LEAVE ITALY; AUSTRIA PREPARES DEFENSE

Rome (via Paris), May 7.—Upon receipt of a dispatch from Berlin the German school in this city suddenly was closed yesterday afternoon. The teachers, with a number of German newspaper correspondents and several German families, left almost immediately for Germany.

Paris, May 7.—The Vatican has advised all German and Austrian ecclesiastics and theological students to leave Rome immediately, according to a dispatch to the Petit Parisien from the Italian capital.

Austria Prepares For Attack By Italians

Paris, May 7.—Austria is continuing to make extensive preparations for defense against a possible attack by Italy, according to a dispatch to the Petit Parisien from Turin. Railway service was suspended for six hours last Friday and Saturday at Graz and Laibach to permit the passage of military trains carrying artillery and ammunition to Trieste.

Considerable German forces are said to be at Graz awaiting transportation to Zagreb, Croatia, and thence to Bosnia and Dalmatia.

Austria Reported To Have Made Last Concessions

Paris, May 7.—A Hovas dispatch from Rome says the Austrian Ambassador is reported to have handed to Foreign Minister Sonnino, at a conference yesterday afternoon, the Vienna cabinet's final proposals to Italy, containing the extreme concession the dual monarchy is willing to make.

While the utmost secrecy is observed regarding these concessions, Austrians and Germans in Rome have lost confidence in a favorable

RESUME SHELLING OF DARDANELLES

London, May 7.—Certain forts at Chanak and Kalid-Bahr, in the Dardanelles, have been silenced, while some of those on both sides of the waterway to Nagura probably also are out of action, says a dispatch to the Chronicle from Mytilene.

Dardanelles, May 6.—(Via London May 7).—The artillery exchanges between the warships of the Allies and the shore positions of the Turks continue. Some vessels are firing from the gulf of Saros, making use of inflammatory shells. The town of Maldo was set on fire yesterday.

MINISTER RECALLED
Amsterdam, (Via London), May 7.—According to the Lokul Anzeiger, of Berlin, Emperor William has recalled Herr Von Haeke, minister to Peru and Ecuador and accepted his resignation.

Will Issue \$20,000 Bonds

The Ironclad says:
"The County Commissioners Thursday adopted a resolution to issue \$20,000 bonds the money to be used for the county's part of the construction of state roads in the county which are now under contract."

STEAL \$200; OVERLOOK \$1,000

Indiana, Pa., May 7.—After blowing a safe in the offices of the Seacoast Coal Mining Company at Charlestown, near here, thieves escaped

with \$200 cash and several dollars' worth of stamps, early this morning. In their hurry the burglars overlooked a pocketbook containing over \$1,000.

CINCINNATI IS HELD IN SOUTH FOR MURDER

Cincinnati, May 7.—C. J. Beadle, who was arrested in Houston, Texas, yesterday on the charge of murdering Mrs. Manie Reynolds, has a wife and three children living in Cincinnati. Beadle left here three years ago to go in the banking

business in Houston. The last time he was in Cincinnati was two months ago when he spent several weeks with his family.

Mrs. Beadle said she had no knowledge of Mrs. Reynolds. Beadle's widowed mother, Mrs. J. Beadle, lives at Canton, Ohio.

GIRL IN MALE ATTIRE TAKEN FROM FREIGHT AND LOCKED UP

Parkeersburg, W. Va., May 7.—Mary Kouser, 18 years old, a girl itinerant in male attire, was taken

from a box car and locked up. The girl says she has been wearing male attire for two years and has been working mainly at hotels.

W. VIRGINIA POSSES ENGAGE IN MAN HUNT

Glenville, W. Va., May 7.—H. F. Rose, alleged slayer of E. O. Thompson, chief of police of Cassaway, has been surrounded in the mountains, ten miles west of Glenville, by posses and a battle is momentarily expected, according to reports received here. Rose has been seen several times from the hill-tops, shouting defiance at his pursuers, but demands for his surrender have been met with a fusillade of bullets.

Chief Thompson was shot last Friday while attempting to arrest Rose on a forgery charge. Rose fled to the mountains, followed by posses from towns in this locality. According to reports, Rose has been wounded in the hand.

The man-hunt has caused great excitement, for what little food he has had since the shooting occurred has been secured by holding up farmers with a gun and forcing them to bring it to him in the open in order to prevent a surprise attack on the part of pursuers. Rose is said to belong to a prominent family of Nicholas county.

Explosion Kills Ten

Rome, May 7.—(Via Paris).—Ten persons were killed last night in an explosion which blew up a powder factory at Pontana Liri. The explosion caused a panic in the village and troops intervened to restore order. A rigid investigation is being conducted by the authorities.

ITCHING, BLISTERED SKIN-ERUPTION ALL HIS LIFE, NOW CURED

Nov. 10, 1914.—"All my life, until about a year ago, I was troubled with blisters and sores over my entire body. The itching and burning was terrible, and I could hardly sleep. I used many treatments that were unsuccessful and did not give me any relief. I started using Resinol Ointment and Resinol Soap and they helped me wonderfully. I WAS RELIEVED AT ONCE, and after about two dozen applications I can say that I was free and cured of that awful disease. My skin now is as clear as angel's." (Signed) Geo. Whitcher, Jr., R. F. D. No. 51, Caledonia, N. Y. Resinol Ointment and Resinol Soap are sold by all druggists.

IS YOUR TOILET SOAP SAFE?
Many toilet soaps contain harsh, injurious alkali. Resinol Soap contains absolutely no free alkali, and in it is added the Resinol medication. This gives it soothing, healing properties which clear the complexion, comfort tender skins and keep the hair healthy.

WAR IS CARRIED TO TURKISH CAPITAL

Paris, May 7.—The first attack of the war on Constantinople is reported in an unofficial dispatch from Athens. It is said three Russian aviators flew over the city, dropping several bombs which are believed to have caused extensive damage.

The message also says that the Russian Black Sea fleet bombarded the Turkish forts on the left bank of the Bosphorus on Wednesday. Several Russian shells fell with-

in about ten miles of Constantinople.

General Killed

Amsterdam, May 7, (via London).—A dispatch received here from Berlin says that General Hugo von Seidenitz has been killed on the field of battle.

WATER SUPPLY IS CUT OFF

An unavoidable accident caused a suspension of the city pumping station from 5 to 7:15 o'clock Thursday.

Supt. John Lynn, of the water works street department, and his men were engaged in making a tap for a fire hydrant near the Hainisch brick plant at Damarin Hill, using an L. P. Smith tap-

ping machine to do the work when a flaw in the 24-inch sleeve caused the casting to burst. The pressure was so great that the supply had to be shut off to permit putting in a plug to stop the water.

First reports had it that a workman had dropped a tool into the main and that fears of it being carried to the shut-off at Young street caused the plant to be suspended.

Portsmouth's Volunteer Fire Department

(BY MILFORD KEYES)

I have mentioned how the Germans of the city organized a fire company and were given the old Neptune for their apparatus. The engine house on Madison street was built and occupied, and in due time a modern engine, the Germania, was purchased. The company was a factor in the city's life from the beginning. The Germans, and not a few Americans, considered it an honor to "run with the Germania."

Among the presidents were Frank Welty, August Arnold, Antoni Pubst, and others. Mr. Pubst, who was a good man, good fireman and a mighty player of the cornet, went to Los Angeles, California, and is possibly living there yet. Frank Welty is a long time dead, and will be recalled as a handsome man with blonde Saxon features. "Tommy" Welty, a younger brother of Frank, is still with us. He was a member of the company and says he resigned his membership after the Anderson feed store fire on Second street. He sacrificed a nine dollar pair of boots while doing duty at that conflagration, and concluded he had done his share in defending the public. August Arnold was at one time president, and is still in business on Front street. John Reeg, clerk at the Tracy Shoe Company, was secretary several terms, and held the position at the time the company passed out of existence.

As to the final disposition of the engine Germania there is difference of opinion. John Andrew, who was messenger many years and still has charge of the engine house, thinks the engine was sold to some town in Indiana. Mr. Reeg says it was purchased by Conrad Gerlach, dismantled and the trucks used for a brewery wagon. He thinks the trucks are still in a shed somewhere on the brewery lot.

The members of this company were real Germans, and a majority of them until toward the last could neither speak nor understand the English language. This was made manifest on a memorable occasion. It was in the days when the county fairs were held at the head of what is now Jackson street. It had been the habit for the fair trustees to invite the fire companies to attend the fairs in uniform and with their engines and hose reels, to enjoy the fair and assist in the display. One fateful year the trustees failed to give the invitation, whether by design or accident.

D. Of A. To Meet

New robes will be worn by the officers of White Lily Chapter No. 81, Daughters of America, at the initiatory ceremonies to be held at the regular weekly meeting. Owing to the absence of William Boyles, the team master, the work will be under the charge of Chas. Warnica.

The local council is planning to conduct a large class initiation at Ashland, Ky., in June, at which time a council will be instituted there.

Used Trees For Posts

W. H. Barber, of Front street, complained to the police officials Friday about certain persons hitching horses to his young trees, thereby causing them to be badly damaged.

Must Have Credentials

A woman representative of the Soldiers of the Cross, which she said was instituted at Dayton, Ohio, by former Methodists to light that church, was denied a city permit Friday to collect funds in Portsmouth. She was told she would first have to have her credentials verified by the Ministerial Association.

ALSPAUGH

has the best Kitchen Cabinets, adv

dent was never known, and the firemen, individually and as companies, were filled with indignation, more or less virtuous. A meeting of the companies was called at the Twos' engine house, at which violent speeches were made and a motion put that the companies go to the fair grounds with their apparatus and force their way in. L. C. Damarin was in the chair and protested mildly against lawless proceedings. John J. Ward made a ringing speech against the motion. The motion was put and seemed to be about a tie. Some one suggested that inasmuch as many members of the Germania company could not understand English the motion be put to them in German, after being explained to them in that language. Frank Welty did the interpreting and put the vote in German. There were a few "yahs", when the affirmative side of the motion was put, but when the negative side was called

for there was a thunder of sturdy "nahs!" That gave a total majority against the motion and those guttural German "nahs!" saved the city from a disgraceful scene. All honor to the old German fire fighters.

The Germania company kept up its organization for quite a while after the first steamer had been placed in commission and continued to do good work at fires. The engine house always the center of things social and political in the West End, and is yet to some extent. At one time there was a fire over at Union Mills, and the company took their apparatus and went over and did good work. During the exciting times of the civil war the Madison street engine house was the rallying point for the patriotic citizens of "Bonafiddle", and many members of the fire company enlisted, fought and died in the Union ranks.

Dr. Louis Schwab, the well-re-

membered German physician, lived in the First ward during the early years of his practice in Portsmouth, and was a member of the company, taking part in all of its councils. The doctor wore spectacles and was not at all the manner of man you would pick out for a fire fighter. In fact, the good doctor had the reputation of being what some people call a "joiner."

No one seems to know what finally became of the little "Neptune", the forerunner and antetype of all the fire engines that have lived and moved and had their being in Portsmouth. Her creator, George Stevenson, has long been gathered to his fathers, but his son, Samuel, is still living in Jackson, and a married daughter resides in Pittsburg. If there is such a place as heaven for the souls of departed fire engines, let us hope that the shade of the old "Nep" is there, occupying a front seat.

GIRL'S LEG BROKEN WHEN SHE IS HIT BY AN AUTO

Miss Ada Nichols, eighteen-year-old daughter of Chas. Nichols, of below Friendship, sustained a fracture of the left leg just above the ankle, and minor bruises about the body in an automobile accident at the intersection of the Carey's Run and river roads, on the West Side, about 6 o'clock Thursday afternoon.

Miss Nichols was struck by the front wheel of a Ford runabout driven by C. C. Watson, local agent for the DeLaval Separator Company, as he was in the act of turning around. The front wheel skidded on the grass near the edge of the road and struck the girl, who was walking along the road in the direction of Portsmouth, in company with her sister, Ola, who was uninjured.

The injured girl was picked up by Mr. Watson and carried to the home of Sherd Lindsay nearby. Mr. Watson then went to the infirmary where a call was put in for Dr. Harry Rupp, who hurried to the scene. After an examination Dr. Rupp ordered her removed to the Hempstead hospital, and she was taken to that institution in Da-

ler's ambulance, where the fracture was reduced and the other injuries attended to. Next to the broken leg, a sprained arm is the most serious of her injuries.

Mr. Watson had been to Lucasville during the day on business and arrived home about 4:30 o'clock. While his wife was preparing the evening meal, he decided to take his three smallest children out for an automobile ride, and started out in the direction of the West Side. He followed the lower river road until it turns into the upper West Side road, where he decided to turn around and drive back. About the time he reached the turn Miss Ada Nichols and her sister, Ola, were coming up the Carey's Run road, reaching the intersection about the time the automobile did.

Mr. Watson said Friday morning that he called to the girls and told them that he was going to turn. He said that they walked over to one side of the road and that Ada kept walking. According to his story, the accident would not have occurred had not the front wheel skidded on the grass.

Dr. P. P. Pieper, the veterinary surgeon, of this city, who was re-

turning from a trip to Duane Vista, brought the mother and sister of the injured girl to the hospital in this city, where they visited the injured girl. The sister, Ola, who was with Ada when she was hurt, said that Watson started the car suddenly after bringing it to a complete stop. Hospital authorities stated Friday morning that the condition of the victim was satisfactory.

The mission is still a busy place. The beds at 10 cents are being highly appreciated by many laboring men.

We now have a new clean shower bath-room, where working men can take a bath with soap and clean towels. Price 10 cents.

One wagon on the street is being kept very busy. House cleaning is on in most every house. There is cast-off clothing, hats, shoes, magazines and papers, which to the owner is worthless. We need these things. Will you kindly contribute them to the mission? Call phone 409-B, or 650-B, and let us send the wagon for them. We want your old furniture and carpets, rugs, clocks, mirrors, picture frames, tools, etc. Thousands of trunks have recently been distributed by the Mission Workers. You have no doubt seen and read them by this time. If so, be governed accordingly and surrender your life fully to Jesus Christ and become a Mission Worker. Reader, it is not too much to ask you if a Christian, to pray for our work at the Mission. If you are not a Christian, it is not too much to ask you to accept Jesus Christ as your Savior.

Our clothing department on the third floor at 512 Second street will be open to the public Saturdays and Wednesdays, from 12:30 p. m. to 5 p. m. Here are stacks of cheap clothing, much of it as good as new. If you are in need of cheap clothing for your family, come in. J. E. DIBERT.

THE WAR EXPLAINED.

An article is going the rounds giving a summary of the leading events of the European war as published in a Shanghai, China, newspaper, said article being the production of a young Chinese man employed on the paper. Translated literally it reads as follows:

- "Now there is great battle in Europe. This began because the Prince of Austria went to Serbia with his wife. One man of Serbia killed him.
- "Austria was angry, and so wrote Serbia.
- "Germany write letter to Austria, 'I will help you.'
- "Russia write letter to Serbia, 'I will help you.'

THE AFTER-EFFECTS OF TYPHOID FEVER

(Journal of the American Medical Association.)

We know the number of deaths from typhoid fever, during the acute stage of the disease, the number of persons incapacitated as a result of typhoid, and the financial loss to the community. But the after-effects on those who have survived have not been considered. A study of 1,574 cases of typhoid fever in 1911 in the visiting nurse service of the Metropolitan Life Insurance Company shows that one hundred and forty-six of the patients died while under treatment, a death rate of 9.25 per hundred. The principal complications in the fatal cases were intestinal perforation and hemorrhage, meningitis, pneumonia and heart involvement. Of the 1,428 who recovered from the immediate results of the disease, the death rate during the first three years was 54, or nearly twice the normal death rate of 26 for a similar group of persons who had not had typhoid. This increased rate was not uniform for all three years, being greatest during the first year following recovery, less during the second year, and still less the third.

An analysis of death among the fifty-four patients who died within the three years following recovery, tuberculosis heads the list (39 per cent.), with diseases of the heart following (14.8 per cent.). In the United States each year, 8,000 deaths occur among persons who have recovered from an attack of typhoid fever but who, as a result of impaired vitality from the disease, succumb during the first or second year after recovery.

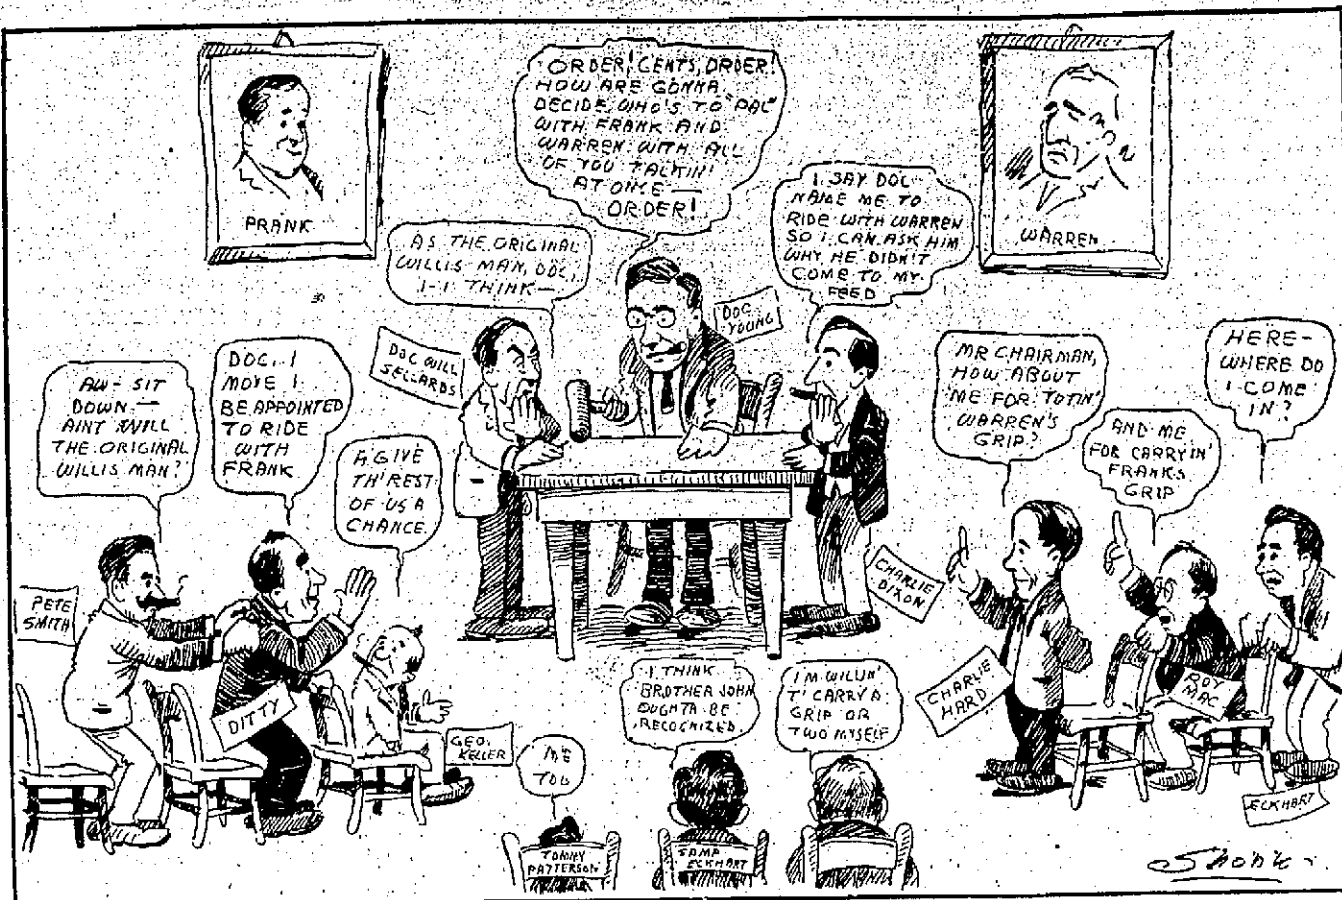

Similar studies should be made of the after-effects of other diseases. We know, for example, says The Journal of the American Medical Association, in a somewhat general way that measles and whooping cough, as well as other diseases, are not infrequently followed by tuberculous, but we have not had an accurate comparison of the actual to the expected mortality, and it is of importance that we should have such comparisons.

"Now that Portsmouth and Ironton are both shy on opera houses I don't see why the two towns can't go together and build a joint opera house half-way between the two places," said the man who stands on the First National Bank corner every day in the year, holidays included. "I am sure the Half-Way Opera House would be a great success and with our new traction line in operation it would enable the theatre-goers of the towns to go and come with ease. We're having 'joint' on everything else so why not on our amusements?"

"After reading the testimony of the distinguished citizen of Oyster Bay," observed the restaurant philosopher at luncheon today, "I am more than ever inclined to believe him one of those fellows who scorn the ladders by which they did ascend, as the late Mr. Shakespeare would say," says the Marion Star. This is treason, rank treason. The Star should realize that great men are called—they don't have to climb.

One of the perplexing little problems of the great Dollar feed is, which one of the distinguished guests shall have precedence and which one shall have the greatest applause when he recites his little piece. Of course Warren has the higher office and it lasts longer but then Frank has all the officers to hand out. Awful isn't it? But they do doubt whether the noble bunch of Get-Togethers are even worrying about it. They have known all along where their most thunderous applause will go.

JAPANESE FLEET READY FOR WAR

CHINA DEEMING SITUATION HOPELESS LIKELY WILL CONCEDE TO DEMANDS

MIKADO'S WARSHIPS AND TRANSPORTS ARE PREPARED FOR BREAK

Tokio, May 7.—A dispatch to the Nishi Nishi from its Peking correspondent says China last night informed Japanese Minister Hiroki that it desired to arrange a settlement of the demands in such a way as to avoid a rupture.

Peking, May 7.—There is good reason to believe that China is prepared to concede everything demanded by Japan realizing that the situation is hopeless.

This possible outcome to the present tense situation is not generally comprehended in Peking, consequently a number of foreign residents as well as Chinese themselves are already packing their personal belongings and otherwise preparing for eventualities.

Forty Warships Ready For Possible Operations

Tokio, May 7.—More than forty warships, including the battleship Hizen and the battle cruiser Kongo are preparing at Sasebo for possible operations against China. A second squadron under Admiral Nagaiwa has arrived.

Rear Admiral Kominami's fleet including the battleships Sagami and Suo has been ordered to the Gulf of Pechili to be in readiness to take aboard ministers in case of necessity.

Modifications Made In Japan's Demands

Tokio, May 6.—Baron Kato, Japanese foreign minister, is understood to have informed the ambassadors of other powers that the ultimatum to China which expires at 6 p. m. Sunday, was accompanied by additional modifications of Japan's demands, notably the questions relating to annuities and advisors which interested the United States.

It is the general opinion in diplomatic circles tonight that China will submit. Meanwhile Japan is making extensive preparations for a possible rupture. Warships and transports are held in readiness for instant action. Japanese who have large business interests in China, fearing a foreign exodus of Japanese employees are sending foreigners to China to look after their affairs.

The impression prevails that the influence of the elder statesmen believed in further concessions being made to China in the

belief that the interests of the Empire could best be served by concealing the power that Japan is guided by a spirit of justice and a desire for the preservation of peace in the Orient.

VATICAN ADVISES GERMAN STUDENTS TO LEAVE ITALY; AUSTRIA PREPARES DEFENSE

Rome (via Paris), May 7.—Upon receipt of a dispatch from Berlin the German school in this city suddenly was closed yesterday afternoon. The teachers, with a number of German newspaper correspondents and several German families, left almost immediately for Germany.

Paris, May 7.—The Vatican has advised all German and Austrian ecclesiastics and theologians, students to leave Rome immediately, according to a dispatch to the Petit Parisien from the Italian capital.

Austria Prepares For Attack By Italians

Paris, May 7.—Austria is continuing to make extensive preparations for defense against a possible attack by Italy, according to a dispatch to the Petit Parisien from Turin. Railway service was suspended for six hours last Friday and Saturday at Graz and Laybach to permit the passage of military trains carrying artillery and ammunition to Trieste.

Considerable German forces are said to be at Graz awaiting transportation to Zagreb, Croatia, and thence to Bosnia and Dalmatia.

Austria Reported To Have Made Last Concessions

Paris, May 7.—A Havas dispatch from Rome says the Austrian Ambassador is reported to have handed to Foreign Minister Sonnino, at a conference yesterday afternoon, the Vienna cabinet's final proposals to Italy, containing the extreme concession the dual monarchy is willing to make.

While the utmost secrecy is observed regarding these concessions, Austrians and Germans in Rome have lost confidence in a favorable outcome of the negotiations. Prince Von Buolow, the German ambassador, also called upon Baron Sonnino yesterday.

21 LOSE LIVES IN LOUISIANA TORNADO

New Orleans, May 7.—The death toll of the wind storms which devastated Acadia Parish in southwestern Louisiana and Coahoma county in northwest Mississippi yesterday, today stood at 21. Fifteen were killed in Egan and Mermentau, in Acadia Parish, and six near Clarksdale and Jones town, Miss. Forty-five more persons are known to have been injured in Acadia Parish, some of them seriously. Early estimates placed the property loss there \$500,000.

Speed Face Caught By Camera for First Time

The picture to the left is the first of its kind ever taken. It shows the speed face of Eddie Rickenbacker, star Maxwell driver, negotiating the Indianapolis motor speedway at ninety miles an hour. Note the distortion of the cheeks and lips, the almost sardonic malformation of countenance, due to wind pressure. Even Rickenbacker's mother wouldn't know him as the smiling boy on the right.

How was the picture made? That is another story, with C. Latta, Rickenbacker's mechanic, as the hero. Latta permitted himself to be strapped on the front of Rickenbacker's car, so that he would ride backwards, standing up, and then, camera in hand, was whirled over the speedway at the rate of ninety miles an hour, with results as shown. It is not likely that another picture will ever be made the same way.

WAR IS CARRIED TO TURKISH CAPITAL

Paris, May 7.—The first attack of the war on Constantinople is reported in an unofficial dispatch from Athens. It is said three Russian aviators flew over the city, dropping several bombs which are believed to have caused extensive damage.

The message also says that the Russian Black Sea fleet bombarded the Turkish forts on the left bank of the Bosphorus on Wednesday. Several Russian shells fell within about ten miles of Constantinople.

STEAL \$200; OVERLOOK \$1,000

Indiana, Pa., May 7.—After blowing a safe in the offices of the Seneca Coal Mining Company at Chagrinville, near here, thieves escaped with \$200 cash and several dollars worth of stamps, only \$140 worth. In their hurry, the burglars overlooked a pocketbook containing over \$1,000.

MRS. CARMAN TO TAKE STAND IN OWN BEHALF

Albion, N. Y., May 7.—Mrs. Florence C. Carman was ready to testify in her own defense today in her second trial for the murder of Mrs. Louise D. Bailey. At the previous trial Mrs. Carman admitted placing a telephone device in her husband's office to hear his conversations with his patients and said she had once rapped at the window through which the fatal shot was fired when a nurse called upon Dr. Carman. But she declared that she was in her room upstairs when Mrs. Bailey was shot.

Dr. Carman expected to be called to testify in advance of his wife and it was considered probable that he would be questioned on the stand closely concerning the hour of the murder.

George Hicks, the colored detective, alleged by Celia Coleman, the Carman negro maid, to have told her Mrs. Carman would pay her \$300 to change her evidence, was a possible witness for the defense. The case is proceeding so rapidly that it may be in the hands of the jury Saturday afternoon.

W. VIRGINIA POSSES ENGAGE IN MAN HUNT

Glenville, W. Va., May 7.—H. F. Rose, alleged slayer of E. O. Thompson, chief of police of Gassaway, has been surrounded in the mountains, ten miles west of Glenville, by posses and a battle is momentarily expected, according to reports received here. Rose has been seen several times from the hilltops, shouting defiance at his pursuers, but demands for his surrender have been met with a fusillade of bullets. Chief Thompson was shot last Friday while attempting to arrest Rose on a forgery charge. Rose fled to the mountains, followed by posses from towns in this locality. According to reports, Rose has been wounded in the hand.

The man-hunt has caused great excitement, for what little food has had since the shooting of

POLLY AND HER PALS

PREPARATION MEETING FOR THE GET TOGETHER BANQUET.

It came as a distinct shock to find that our great and glorious young governor, who is soon to be an honored guest in our midst, has gone out of his way to demand the defeat of a bill introduced by Representative Sprague, of this county, characterizing it as reactionary. The Governor's mandate was obeyed and the Sprague bill slaughtered Wednesday.

One thing about the Teddy-Barnes suit, it ought to give New Yorkers a pretty good idea of how their state government has been run during the past few years.

It's the same the world over. The only difference in the English parliament, since the year began, is over the liquor question.

It rains so easy in this country when it once gets started that it never knows when to stop.

Our good young Governor is beginning to find out that you have either got to run it all the time, or else have it get away from you when you want it most.

We would like to know just what they are trying in that \$50,000 libel suit that the once redoubtable Teddy is entertaining at Syracuse.

What's the matter with Kansas these May days? Why, it snowed there yesterday. Isn't that enough.

MASONIC LODGE FOUND TO BE IN FINE SHAPE

Massic Lodge No. 115, Knights of Pythias, had an agreeable surprise perpetrated upon them at their meeting Thursday evening, as Deputy Grand Chancellor William Andrews, of Dayton, dropped in and inspected the lodge. He found everything in fine shape and highly complimented the officers for the efficient manner in which they conformed the Knight rank on one candidate, J. S. May.

It was decided to attend services in a body at the German Evangelical church on Sunday, May 16, and the pastor, the Rev. Samuel Lindenmeyer, will deliver a sermon on "Pythianism."

Massic and Magnolia lodges are planning to hold a joint picnic, which may be held in Otway, or South Webster.

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. It not the most common of human afflictions it is one of the most painful. Those who suffer from rheumatism should eat less meat; dress as warmly as possible, avoid undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. If you have a pleasant, effervescent, lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's recipe of Sage Tea and Sulphur darkens so naturally that nobody can tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also, cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this salubrious was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wynell's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 60 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

IRONTON RUMBLES WITH RUMORS OF SENSATION; MINISTERS MAKE CHARGE

The Ironton Irontonian of Friday morning said:
A mild sensation is spreading along under the surface of the city of Ironton which is liable to break forth at any time, and when it does break it will involve some of the city officials high up, some members of the Ministerial association, and some candidates for city offices.
A few Sundays ago a minister who is teaching a Sunday school class made the statement to his class in substance that there was petty graft going on in the city of Ironton and it involved two city officials of Ironton high up. It is understood that this minister elaborated upon the statement saying the graft was the outgrowth of the red light district and that a doctor and a city official was splitting the fees for examination of the inmates of these resorts.
This statement or the substance of it came to the ears of one of the city officials, who after some wise counsel went to see this minister, who, it was reported made the statement, and inquired of him, if he made such a statement, and who, after some hesitation admitted that in substance he had made such a statement. This official wanted to know upon what authority such a statement was made by him. At first he refused to divulge his authority, but upon emphatic insistence by the said official he revealed his authority, and it is reported that he said that he made the statement upon the authority of a similar statement made by a brother minister at a ministerial meeting previously held.
Immediately this city official went to the minister who it was alleged, made the statement at the meeting of the Ministerial association, to get from him the authority for the statement which had been attributed to him. It was with some delay and demur that the authority was revealed. But it is understood that this authority was revealed, and also the name of the doctor that was charged to be involved in the splitting of the fees.
The authority traced right back to a candidate for a city position who is in strong opposition to the city official, who, it is alleged, is accused of participating in the petty graft.
It is understood that this controversy has proceeded even further. It has reached the letter-writing and affidavit-making stage.
In this controversy the people are interested in one thing and that is the truth. If the accusers have any foundation for making the accusations they should come out in a public way, make the charges go, and if they are made good, the public officials, who engaged in such practice should be drawn from public life. But before making such charges people should be very careful because it is very easy to assassinate character, and shake public confidence in officials.

Senior Actors To Hold A Rehearsal

A full scenic rehearsal will be held by the Senior actors students of the high school Saturday for their plays "As You Like It" which is to be presented in the high school auditorium next Thursday and Friday evenings May 13 and 14. The scenery from Armbruster and company of Columbus arrived Wednesday and is in place. The woodwork scene is said to be the handsomest piece of scenery ever seen in Portsmouth. The costumes will arrive in a few days. Saturday the play will be rehearsed just as it is to be presented, the costumes being the only thing lacking. Music will be furnished by Misses Lullie Anderson, Alice Blake and Mrs. A. L. Wilhelms.
The names of several participants were left out of the program published several days ago. Misses Florence Dichter and Katherine Littlejohn should have been included in the list of court ladies and Marion Prosch is taking the part of the shepherd along with Earl Hines.

WATER SUPPLY IS CUT OFF

An unavoidable accident caused a suspension of the city pumping station from 5 to 7:15 o'clock Thursday.
Supt. John Lynn, of the water works street department, and his men were engaged in making a tap for a fire hydrant near the Flemish brick plant at Danmarin Hill, using an L. P. Smith tapping machine to do the work when a flaw in the 24-inch sleeve caused the casing to burst. The pressure was so great that the supply had to be shut off to permit putting in a plug to stop the water.
First reports had it that a workman had dropped a tool into the main and that fears of it being carried to the shut-off at Young street caused the plant to be suspended.
Compliments Officials.
Rev. J. B. Dibert, of the Wesley Hall mission, has written a letter commending the city officials upon their stand for a closed Sabbath in Portsmouth.
Was a Visitor
J. D. Lowder, of Quincy, Ky., was a business visitor here Thursday. Mr. Lowder recently suffered the double misfortune of losing his father and mother, dying suddenly within a few hours of each other.

Afraid To Go Home; Even When Guarded By Officer Stokley

Asbury Moore, aged 78 years, a Civil war veteran, hard of hearing and eye-sight badly impaired, complained to the police officials Friday that he had suddenly found himself homeless.
Moore, who was brought into court by J. J. Davidson to whom he had previously appealed for advice, said he had just returned from a several weeks' visit to a daughter at Seaside and upon reaching his home at 1832 Fifth street found his wife by a recent marriage had locked the door against him.
Moore was advised to take his \$22 per month pension to his daughter and live with her or go to the Dayton Soldiers' home and enjoy his money while the national government was keeping him, and probably after the lapse of several pension draws he would receive an urgent invitation to come back home. Officer Joo Stokley was detailed to accompany his comrade back home to make investigation but after reaching Chillicothe street Moore suddenly remembered he had considerable shopping to do and balked at going.
Stokley finally arranged to meet him near his home later.

"FLOWERS FOR TEACHERS" IS CAUSE OF COMPLAINTS?

That a growing practice of school children to present their teachers with flowers is responsible for the numerous complaints over town about shrubbery being destroyed is the belief of the city officials. Appeals have been addressed to Supt. Frank Appel, of the public schools, and to Rev. Fathers J. E. McQuirk and T. A. Goebel, who have charge of parochial schools, asking them to advise teachers to instruct their students not to bring flowers to them except in instances when there is a request to do so. This, the appeal reads, will at least have a tendency to decrease the destruction of flowers and shrubbery on others' premises, eliminate any argument for an excuse to get flowers for teachers and also tend to assist in placing every child on an equality before the faculty.

Local Man Invents New Garbage Can

E. Long, who resides at 1403 Union street, has a patent on sanitary, airtight odorless garbage receiver which he is confident will eventually become very popular as it is practical and is to be well constructed.
Mr. Long says it is so built that the refuse cannot freeze in the winter or be overheat in the summer. One of the greatest advantages of the garbage receiver is that you simply step on a pedal and the top springs up instantly.
The receivers are simple in construction and are non-breakable, the top being made of cast iron. The sides are made of galvanized iron. Mr. Long, who is quite an expert mechanic, says it is a vast improvement over the old style garbage can, which can be pulled over by dogs and he plans to have a sample of public inspection in a few days. He says that if placed in practical use they will go a long way toward keeping the city in a more sanitary condition.

Attack On Sunday Labeled "Hot Air"

Cleveland, Ohio, May 7.—The Chamber of Commerce was challenged to prove Rev. Dan F. Bradley's anti-Billy Sunday speech was not "framed" to swing public sentiment against the evangelist in a formal statement issued last night by Rev. George Hugh Birney, pastor of the Euclid Avenue Methodist church. Rev. Dr. Birney is an ardent advocate of Rev. Mr. Sunday.
"It will be hard to make the public believe this little bomb was not all made to order and exploded according to schedule," said Rev. Dr. Birney. "These things can always be put over if a number on the inside undertake it, even to the 'cluck' in the gallery, to start the applause."
Bassam Little, president of the chamber, last night declared Rev. Dr. Bradley was left free to choose his own subject.
Rev. J. W. Gillin, secretary of the Billy Sunday campaign committee, last night declared "the speech lines Dr. Bradley up on the side of the dividers who fear God."
"That a formal demand will be made on the chamber to give someone an opportunity to defend Rev. Mr. Sunday was predicted by Rev. Dr. Gillin. Owing to the illness of the campaign committee's chairman, Rev. John P. Fisher, Rev. Dr. Gillin said he could not tell how soon the demand will be made.
Among other ministers who replied to Dr. Bradley yesterday was W. W. Bastard, pastor of the Euclid Avenue Baptist church. Dr. Bastard characterized the speech as "hot air."
"That Dr. Bradley's attack will have no effect on the situation as far as the invitation to Rev. Mr. Sunday is concerned was the declaration of Rev. Dr. Birney. He declared it will swing public sentiment to the evangelist.
Tom Smith took Roy Lynn's blood hounds to the Dr. J. D. Hendrickson place at Harrisonville Thursday for a few days.

GIRL'S LEG BROKEN WHEN SHE IS HIT BY AN AUTO

Miss Ada Nichols, eighteen-year-old daughter of Chas. Nichols, of below Friendship, sustained a fracture of the left leg, just above the ankle, and minor bruises about the body in an automobile accident at the intersection of the Carey's Run and river roads, on the West Side, about 5 o'clock Thursday afternoon.
Miss Nichols was struck by the front wheel of a Ford runabout driven by C. C. Watson, local agent for the DeLafair Separator Company, as he was in the act of turning around. The front wheel skidded on the grass near the edge of the road and struck the girl, who was walking along the road in the direction of Portsmouth, in company with her sister, Ola, who was uninjured.
The injured girl was picked up by Mr. Watson and carried to the home of Sherd Lindsey nearby. Mr. Watson then went to the infirmary, where a call was put in for Dr. Harry Rapp, who hurried to the scene. After an examination Dr. Rapp ordered her removed to the Hempstead hospital, and she was taken to that institution in Dr. Rapp's ambulance, where the fracture was reduced and the other injuries attended to. Next to the broken leg, a sprained arm is the most serious of her injuries.
Mr. Watson had been to Lewisville during the day on business and arrived home about 4:30 o'clock. While his wife was preparing the evening meal, he decided to take his three smallest children out for an automobile ride, and started out in the direction of the West Side. He followed the lower river road until it turns into the upper West Side road, where he decided to turn around and drive back. About the time he reached the turn Miss Ada Nichols and her sister, Ola, were coming up the Carey's Run road, reaching the intersection about the time the automobile did.
Mr. Watson said Friday morning that he called to the girls and told them that he was going to turn. He said that they walked over to one side of the road and that Ada kept walking. According to his story, the accident would not have occurred had not the front wheel skidded on the grass.
Dr. H. P. Piper, the veterinary surgeon, of this city, who was returning from a trip to Queens Vista, brought the mother and sister of the injured girl to the hospital in this city, where they visited the injured girl. The sister, Ola, who was with Ada when she was hurt, said that Watson started the car suddenly after bringing it to a complete stop. Hospital authorities stated Friday morning that the condition of the victim was satisfactory.

Fashion Hint.

BRIDAL OUTFIT IS MOSTLY OF COTTON

At a recent fashionable wedding the bride's dress was of fine cotton voile, most light chiffon, made up in 1320 pattern. The trimming was sheer white cotton lace, fitted to form the border of the long court train and in the form of ruffles on the short skirt. Garlands of lilies of the valley were used. The white net veil was arranged in fan style, held in place by a wreath of lilies of the valley. The shower bouquet was of the same delicate flowers, tied with long loops of white satin ribbon.
The bridesmaid's dresses were of printed organza, trimmed with ruffles and tulle ruffles of lace, one dress being in a blue and yellow combination and the other in pink and lavender. To keep the wedding attire simple long lilac-colored canes of white enamel were carried instead of bouquets. The hats were wide brimmed loggans, quaintly trimmed with velvet ribbon and nosegays of tiny, old fashioned flowers.

FADS AND FANCIES.

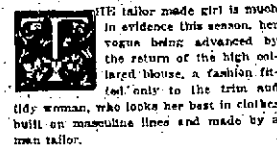

The evening gown seen at a smart modest a few days ago was distinctly remarkable and picturesque. One was made with a very full yoke which was at the sides of the skirt, which was, however, quite flat at the back and front. It was of pale gray tulle and miter lace, the lace fashioning the petticoat, ginghaming through clouds of tulle, a white taffeta and black velvet frock, suggesting the elegance. It had a square neck back and front and a low princess waist finished with a huge oval steel buckle. A fascinating long tulle train of the 1900 period was in shell pink under blue tulle laid on flat in varying widths.

SUMMER SLEEVES.

Summer sleeves are to be all lengths. Fashion authorities state that long sleeves will be considered smartest, but the fact that short, elbow and three-quarter sleeves are to be considered good and that they are actually more comfortable, means in all probability, that the best days will soon be a general wearing of abbreviated sleeves as in most other summer garments.

TRIM BLOUSES FOR THE SMART TAILORED GIRL.

High Collars and Long Sleeves Prevail, and Box Pleats Are Prominently Displayed.

The tailor made girl is much in evidence this season, her vogue being advanced by the return of the high collar, long sleeve, a fashion, favored only to the trim and tidy woman, who looks her best in clothes built on masculine lines and made by a man tailor.
For years we have been having our throats in a most comfortable fashion, allowing the wind and the sun to play havoc with the beauty of our skin. A neck sunburn in U shape was not an unusual sight, for the low cut blouse worn so generously gave a generous chance to the hot sun to do its disfiguring work. Even worse to look upon was a neck this and scarves held for fashion's sake to the gaze of all who cared to see it. Unfortunately, few women have really beautiful throats, but this did not deter the majority of femininity from revealing their imperfections in the name of being fashionable.
Now the return of the high collar in halos with delight, especially by those who have passed the first flush of youth and whose are worn plainly in those telltale little lines which come below the chin and trace themselves down on to the throat. With a high collar it is quite possible to hide these disfiguring marks, to conceal the signs of age so loathsome to every woman.
Suited to Business Purposes.
Very chic are many of the new high necked waists and very tailor made in appearance. Take, for instance, the blouse shown in the accompanying picture, which is developed in Georgian style, with box pleats running from shoulder to belt. Pleats of the material and large pearl buttons are features of this attractive model, while a high two-

over collar and straight cuffs give it that tailored look so desirable for the moment. Surely a blouse cut on these simple but smart lines is much more suited to the needs of the business girl than its predecessor, which boasted a collar cut in a low, often displayed short sleeves and frequently was made of some flimsy material, like chiffon or net, which revealed all the lingerie of the wearer.
